ENGENUITY GROUP PROJECT 99090.52- 27**

Dear Jim,

This is the second review of this Plat. This review is done for compliance with Chapter 177 F.S. and the Village of Wellington's approved Plat language. We offer the following comments:

Limited Access Easements and a Water Easements are dedicated to the Village of Wellington by this plat.

All of our previous comments have been adequately addressed.

The plat is now in compliance with FS, 177, and the Village of Wellington's plat language. We can therefore recommend that the Village of Wellington approve the plat.

Please contact our office if you need any further assistance.

Very truly yours,

Gary M. Rayman, P.S.M.
Vice President
