If the Contractor determines that the materials and equipment are conforming, the Owner shall take title and possession of such material and equipment before such materials and equipment are incorporated into the Project. If the Contractor determines that the materials and equipment are non-conforming, the Contractor shall immediately notify the Owner in writing and the Owner shall reject such material and equipment.

- 1.3 The Owner shall assume all risk of loss on all materials and equipment purchased pursuant to its sales and use tax exemption, subject to the provisions of section 1.10 below. The Owner shall maintain Builder's Risk Insurance for the full insurable value for all materials and equipment purchased as a result of the Owner Sales Tax Recovery Program herein. This coverage shall be in addition to all other coverage required in Section 1.11 below or as otherwise provided in these Contract Documents.
- 1.4 To the extent that materials and equipment are purchased pursuant to the Owner's sales and use tax exemption, the Contractor shall reduce the Contract Amount and the penal sum of its public construction bond by 1.07 times the cost of the materials and equipment purchased directly by the Owner.
- 1.5 Savings and Overruns. The Contractor shall use its best efforts to purchase all materials and equipment required as part of the Work at the best price. All buyout savings realized from the purchase of materials and equipment shall inure 100% to the benefit of the Owner. Owner shall not be obligated to pay any additional amounts should the actual cost of the materials, equipment or supplies be furnished as part of the Contractor's Work exceed the amounts set forth on the Materials and Equipment List.
- 1.6 The Contractor shall visually inspect all shipments from material and equipment vendors purchased directly by the Owner in accordance with this Special Condition (the "Owner Furnished Materials") and approve the vendors' invoices for materials or equipment delivered, as Owner Furnished Materials are furnished to the Site in accordance with this Special Condition. The Contractor shall assure that each delivery of the Owner Furnished Materials is accomplished by documentation adequate to identify the Purchase Order against which the purchase is made. This documentation may consist of a delivery ticket and an invoice from the vendor conforming to the Purchase Order, together with such additional information as the Owner may require. The Contractor shall deliver to the Owner all invoices for materials and equipment upon verification by such Contractor that the materials and equipment conform exactly to the Contract Documents and the Purchase Order. Upon receipt of any invoice for Owner Furnished Materials, the Owner shall accept such materials and deliver such invoice to the Owner for payment directly to the vendor.
- 1.7 The Contractor shall inspect all Owner Furnished Materials to determine that such Owner Furnished Materials conform to the Contract Documents, including the Drawings and Specifications, and to determine prior to incorporation into the Work whether any such Owner Furnished Materials are patently defective, and whether such Owner Furnished Materials are identical to the materials ordered and match the description of the bill of lading and the Purchase Order. If Contractor discovers defective or non-conforming Owner Furnished Materials upon such visual inspection, Contractor shall: (1) not recommend acceptance of such non-conforming materials and equipment, (b) not utilize such non-conforming or defective materials in the Work; (c) not allow Subcontractor to utilize such non-conforming or defective materials in the Work; and (d) promptly notify the Owner, in writing, of the defective or non-conforming condition so that repair or replacement of those Owner Furnished Materials can occur without any undue delay or interruption to the Project. In the event that such Contractor fails to perform such inspection or otherwise incorporates into the Work such defective or non-conforming Owner Furnished Materials, the Contractor shall be responsible for the repair and replacement of defective or non-conforming materials, at its sole cost and expense.
- 1.8 The Contractor shall maintain written and detailed records of all Owner Furnished Materials incorporated into the Work from the stock of Owner Furnished Materials. The Contractor shall account monthly to the Owner for any Owner Furnished Materials delivered to the Site, indicating which Owner Furnished Materials have been incorporated into the Work.
- 1.9 The Contractor shall be responsible for obtaining and managing all warranties and guarantees for all Owner Furnished Materials. All repair, maintenance or damage-repair calls shall be forwarded by the Owner to the Contractor for resolution with the appropriate vendor, supplier or Subcontractor. The Contractor warrants represents and covenants that it shall be responsible for all warranties and guarantees of the Owner Furnished Materials.

- 1.10 After the Owner takes possession of the Owner Furnished Materials at the Site, possession of the Owner's Furnished Material shall immediately and automatically transfer to the Contractor without notice. The transfer of possession of Owner Furnished Materials from the Owner to the Contractor shall constitute a bailment for the mutual benefit of the Owner and such Contractor. The Owner shall be considered the bailor and such Contractor the bailee of the Owner Furnished Materials. Owner Furnished Materials shall be considered returned to the Owner for purposes of their bailment at such time as they are incorporated into the Project or consumed in the process of completing the Project and they are accepted in writing by the Owner upon final completion and acceptance of the Project by the Owner.
- 1.11 The Contractor shall purchase and maintain Builder's Risk Insurance sufficient to protect against loss of or damage to Owner Furnished Materials. Such insurance shall cover the full value of any Owner Furnished Materials between the time the Owner and or Contractor or its agents first takes title to and possession of any of such Owner Furnished Materials until final completion of the Work. The Contractor shall also maintain any other insurance with such deductible amounts that the Owner deems necessary as it relates to the Owner Furnished Materials.
- 1.12 The Owner shall not be liable for any interruption or delay damages in the Project by virtue of ordering the Owner Furnished Materials, for any defects or other problems with the Project by virtue of ordering the Owner Furnished Materials, or for any extra costs resulting from any delay in the delivery of, or defects in, the Owner Furnished Materials.
- 1.13 The Contractor, on a monthly basis, shall review invoices submitted by all vendors of Owner Furnished Materials delivered to the Site during the prior month and either concur or object to the Owner's issuance of payment to the vendors, based upon such Contractor's records of materials delivered to the Site and whether any of the Owner Furnished Materials for which payment has not been made were either non-conforming or defective.
- 1.14 In order to arrange for the prompt payment to the vendor, the Contractor shall provide to the Owner a list of the acceptance of the goods or materials within fifteen (15) days of receipt of said goods or materials. Accompanying the list shall be a copy of the applicable Purchase Order, invoices, delivery tickets, written acceptance of the delivered items, and such other documentation as may be reasonably required by the Owner. Upon receipt of the appropriate documentation, the Owner shall prepare a check payable to the vendor based upon the receipt of data provided. This check will be released, delivered and remitted directly to the vendor. The Contractor shall assist the Owner to immediately obtain partial or final release of waivers as appropriate. The Owner shall not make any payment without the appropriate Contractor's concurrence and approval, which shall be delivered to the Owner. There shall be no retention on Owner Furnished Materials against either the vendor, the Contractor(s) or the Subcontractor(s).
- 1.15 The Contractor and or/the Owner may, in its or their reasonable discretion, require certain material and equipment vendors to provide a supply bond in the amount of one-hundred percent (100%) of the Purchase Order price. The supply bond, if required, shall be issued by a qualified surety company authorized to do business in the State of Florida and acceptable to the Owner. If the supply bond is required, the costs thereof will be added to the amount of the Purchase Order. The Contractor shall verify that a vendor can furnish a supply bond. All bonds will name the Owner and the Contractor as additional obligees.

The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.
6. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. [Please indicate which statement applies.]

☒ Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. [attach a copy of the final order]

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

Whenever two or more Bids which are equal with respect to price, quality, and service are received by the Owner for the procurement of commodities or contractual services, a Bid received from a business that certifies that it has implemented a drug-free workplace program may be given preference in the award process. Established procedures for processing tie Bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business must attest to the following:

1. We publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. We inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. We give each employee engaged in providing the commodities or contractual services that are under Bid a copy of the statement specified in subsection (1).
4. We, in the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under Bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
5. We impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
6. We make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign the statement, I certify that this firm complies fully with the above requirements.

REQUEST FOR PROOF OF WORKERS COMPENSATION INSURANCE OR EXEMPTION

Dear Provider of Services or Goods:

In order to provide services or goods to Wellington, we require that you provide us either proof of workers compensation coverage or proof of exemption.

Employers conducting work in the State of Florida are required to provide workers' compensation insurance for their employees. Specific employer coverage requirements are based on the type of industry, number of employees and entity organization. To determine coverage requirements for a specific employer, the following information is provided by the Bureau of Compliance.

Construction Industry - One (1) or more employees, including the owner of the business who are corporate officers or Limited Liability Company (LLC) members. For a list of the trades considered to be in the construction industry see 69L-6.021 Florida Administrative Code.

Non-Construction Industry - Four (4) or more employees, including business owners who are corporate officers or Limited Liability Company (LLC) members.

Please note: Non-construction industry Sole Proprietors or partners in a Partnership are not employees unless they want to be included on the business' Workers' Compensation Insurance policy and file a form DWC 251 with the Division of Workers' Compensation.

Agricultural Industry - Six (6) regular employees and/or twelve (12) seasonal workers who work more than 30 days during a season but no more than a total of 45 days in a calendar year.

Out of State Employers must notify their insurance carrier that they are working in Florida. If there is no insurance, the out of state employer is required to obtain a Florida Workers' Compensation Insurance policy with a Florida approved insurance carrier which meets the requirements of Florida law and the Florida Insurance Code. This means that "Florida" must be specifically listed in Section 3A of the policy (on the Information Page).

An Extraterritorial Reciprocity clause in the home state's statute allows some out of state Employers to work in Florida temporarily using their home state's Workers' Compensation insurance policy.

Contractors are required to make certain that all sub-contractors have the required Workers' Compensation Insurance **before** they begin work on a project. To see the documentation that is required from a sub-contractor, see 69L-6.032 Florida Administrative Code.

If the sub-contractor does not have Workers' Compensation Insurance for its employees, those workers become the employees of the contractor. If an injury occurs, the contractor is responsible for paying the benefits for the work related injury, illness or fatality.

If you meet the above criteria to be exempt, you **MUST** provide us with one of the following:

- If your business is a sole proprietorship or unincorporated business: provide us a Verification of Automatic Exempt Certificate. This verification is a letter that is issued by the State of Florida Department of Financial Services. To receive a letter from the State, complete the following directions: 1) Call the National Council of Compensation Insurance 1-800-622-4123, Option 5, and ask them for the class code for your type of business. 2) Once you have received this code, call the Department of Financial Services at 1-850-413-1601 and provide them your business name, class code, mailing address, and contact phone number. They will send you the Verification of Automatic Exempt Certificate. 3) Provide us a copy of the Verification of Automatic Exempt Certificate.
- If your business is a corporation (including a professional association or limited liability company), and you are not required to have workers compensation insurance as per the requirements as outlined above, you must provide the Village with a copy of your Florida Division of Workers' Compensation Certificate of Election to be Exempt.

If you are an employer that meets the requirements of workers compensation and needs to obtain coverage, contact your current business insurance agent, or you may use the following resources to locate an agent: www.faia.com., www.piafl.org/wc-info.pdf , or call (850) 893-8245.

Please be reminded that the furnishing of this information to Wellington is a non-negotiable requirement to perform services for us. Failure to provide this timely may result in either termination of your services or delay of payment for services. Your workers compensation Certificate of Coverage, of Workers' Compensation Certificate of Election to be Exempt, or Verification of Automatic Exempt Certificate must be delivered or mailed to the Purchasing Department located at 12300 Forest Hill Boulevard, Wellington, Florida, 33414.

If you do not have a number, see *How to get a TIN*, later.
