PROFESSIONAL VIDEO REPAIR

Confidential Quotation

Date: 9/28/15

Prepared for:

The Village of Wellington David Feliciano 12300 Forest Hill Blvd. Wellington, FL 33414
--

PVR is pleased to submit this proposal to rebuild the Commission Chambers and EF Control Rooms and A/V Systems. The purpose of this project is to simplify workflow and operation and improve on-air signal quality and reliability. The outdated composite video equipment will be removed from service and replaced with state of the art digital components specified on the equipment list and wiring diagrams provided by PVR. Cabling will be replaced and properly dressed. Color-coded cables will be used to designate function. As-built wiring diagrams will be supplied upon job completion. Professional Video Repair will provide training and attend the first meeting for each room.

Pricing per Palm Beach County Contract 10-069/MB. 522 man hours @\$67/hr. Includes the cost to modify the Crestron code off-site for the new panel and volume indicator and the changes and research PVR has been asked to do since the design phase was complete.

Labor: \$34974
