

# Equestrian Trails Circulation Master Plan

## Typical Canal Crossings

### Exhibit H

## CULVERT CROSSING

A CULVERT CANAL CROSSING IS THE MOST COMMON WAY TO BRIDGE THE GAP ACROSS AN EXISTING CANAL. THIS METHOD IS CURRENTLY USED IN NUMEROUS AREAS THROUGHOUT THE VILLAGE OF WELLINGTON.

**Note: Culvert size determined by Village Engineer.**

CROSSING FROM FLYING COW TRAIL TO YELLOW TRAIL

CROSSING INTO PRIVATE RESIDENCE

CROSSING ONTO ORANGE TRAIL
