West side elevation wall sign fabricated using aluminum foundation base painted metallic gold.

Second surface will be imitation wood or real wood.

On top of second surface will be metallic painted gold studs, hammered copper background for "MUSHROOM" letters and fan shaped molding attached to each end of hammered copper background.

Final level will be Mellow Mushroom channel letters framed with metallic gold painted rods supported by decorative rod supports.

- ① Metal outline, studs & rods painted with AKZO gold metallic pearl.
- ② Hammered copper or faux copper background
- ③ Wood, imitation wood or printed wood grain background. Wood background will have halo illumination that will wash over gold metallic pearl outline.
- ④ Channel letters = Acrylic faces with first surface translucent vinyl, (FDC/3M Marigold 075), PMS equivalent is 7549C, applied. Letters will have back lit halo illumination & internally illuminated all with LED lighting units.
- ⑤ Decorative rod supports & layered fan shape will have simulated weathered iron patina.
