PROPOSAL

September 8, 2025

Mr. Mike Zembrzusi
Village of Wellington
14001 Person Road
Wellington, FL 33414

Subject: Recondition HCS Trash Raker at Pump Station 4

Dear Mr. Zembrzusi:

Hydro Component Systems is pleased to offer the following proposal to recondition the Trash Raker at Pump Station 4.

		PRICE
1	Inspection of Raker: Freight to and from Watertown, WI (Non-Dedicated Truck) , inspect all components including the boom/rake head assembly, three motors and gearboxes, all electrical and control wiring, harnesses and connectors.	\$32115.00
2	Rebuild boom/rake head assembly to include all new rollers, sprockets, chain, springs and bearings.	\$17015.00
3	Straighten boom sections if necessary.	\$13135.00
4	PM Nord motors and gearboxes (Carriage, Winch, Boom Actuator).	\$2655.00
5	Clean all stainless steel surfaces and re-paint exterior coated surfaces.	Included in #1
6	Conductor bar assembly.	\$17650.00
7	Test Raker prior to shipment on indoor test track and outdoor overhead test stand with the rated load on the rake head.	\$6900.00

Note: Customer responsible for removal of the raker from the intake and loading it onto our truck. On return unloading from our truck and reinstalling the raker on the intake.
