Operation Safe Start:
The objective of this operation was to maintain safe schools by implementing education, traffic enforcement strategies, and providing overall safety to the people traveling to or near Wellington schools. This operation ran from August 12-13, 2024 and utilized both marked and unmarked units and targeted all Wellington schools.

Operation Fossil Fuel:
This comprehensive operation deployed resources in Wellington to curtail drivers with improper driving habits and those who violate the rules of the road. The goal was to promote traffic safety for adults and children who travel through the community by utilizing overt and covert traffic enforcement, social media campaigns to bring awareness and education to the community, and the deployment of the speed trailer to remind drivers of their speeds.

Operation Dog Days:
The objective of this operation was to address the increase in vehicle burglaries, stolen vehicles, and vandalisms during the summer break when schools were out. Agents conducted proactive patrol throughout Wellington and monitored known juvenile meet-up spots. This operation ran from the 2024 Memorial Day weekend through early August when schools returned to normal session.

Operation Key Fob:
This operation was created to address the increase in vehicle burglaries and stolen vehicles during the months of the 2024 Equestrian season. The majority of these incidents were due to owners of vehicles leaving key fobs inside unlocked vehicles overnight. Covert surveillance was conducted in neighborhoods and major shopping plazas throughout Wellington. During these targeted patrols, Agents would educate residents on the importance of securing their property especially during the overnight hours.

Additional operations and initiatives were used throughout the year to address criminal activity such as vandalism and equipment thefts in Wellington. Agents continued with covert surveillance in neighborhoods and shopping plazas in search of suspicious vehicles and persons. A GPS equipped decoy dirt bike was also utilized in one operation in an effort to catch suspects committing equipment thefts.
