**RE: Plat of WELLINGTON CHARTER SCHOOL  
ENGENUITY GROUP PROJECT 99090.52.29**

Dear Jim,

This is the third review of this Plat. This review is done for compliance with Chapter 177 F.S. and the Village of Wellington's approved Plat language. We offer the following comments:

- The North Landscape Buffer is now 15 feet wide and is dedicated to the Village of Wellington by this plat.
- All of our previous comments have been adequately addressed.
- The Plat is now in compliance with FS 177 and The Village of Wellington's Plat language, and is suitable for recording.

Please contact our office if you need any further assistance.

Very truly yours,

Gary M. Rayman, P.S.M.  
Vice President

GMR/lb

C:

William Riebe, P.E. Village Engineer, Wellington.  
Judy Rios, Plan Review Coordinator, Wellington.
