Title: Wellington Wetland Park Boardwalk Refurbishment (Phase 1)

Bid Opening Date: March 26, 2018 at 2:00pm

Addendum Date: March 19, 2018

ADDENDUM NO. ONE

PURPOSE: The purpose of this Addendum/NOTICE is to make changes, additions, deletions, revisions, and clarifications to the (ITB) Invitation to Bid documents for the Wellington Wetland Park Boardwalk Refurbishment (Phase 1). Bidder shall review the Addendum/NOTICE work and requirements in detail and incorporate any effects the Addendum/NOTICE may have in their proposal price.

BID CLARIFICATIONS

1. **Sheet No.5: Replace the following from Note No. 8:** "...Southern Yellow Pine No. 2 ..." to "...Southern Yellow Pine No. 1...".
2. **Sheet No.5: Replace Note No.11** in its entirety with the following: "Pressure Treated Wood shall be treated with any of the following: A.C.Q. (Alkaline Copper Quaternary with or without Carbonate), C.B.A.-A or C.A.-B (Copper Azole)."

QUESTIONS AND ANSWERS

1. **Question:** Where shall the Contractor's staging area be located?

Response: The Village maintains a locked work yard south of the jobsite location shown on Sheet No. 1A identified as the V.O.W. Public Works Storage Yard. The Contractor may be provided approximately 30 ft. x 30 ft. of storage lay-down area as indicated on new sheet No. 1A. The Village will work with the prospective Contractor to facilitate the secure storage of the Contractor's material and equipment during non-working hours. Site access is also identified on the attached Sheet No. 1A. Due to limited access travel width, a light duty utility vehicle such as a "Gator" may be needed to deliver material from the storage area to the work site. Access to the park shall be through an existing maintenance access gate located at the south east corner of the park as shown on Sheet No. 1A. The Village will work with Contractor to ensure the gate is open and accessible to facilitate Contractor ingress egress as required. The Contractor shall not utilize any type of passenger vehicle over 2,000 lbs. to traverse the existing boardwalk nor any area inside the park. Additionally, the Contractor may not traverse the existing boardwalk with any type of vehicle. All jobsite areas damaged (sod, landscaping material, boardwalk, concrete, etc.) as a result of lay down materials, travel access, site storage, etc. shall be restored to original condition. **Sheet No. 1A has been attached to this addendum.**

2. **Question:** We would like to submit alternate composite samples to use instead of trex. Our plastic lumber is 100% #2 HDPE with UV inhibitors and color dye. Age tested to 400 years. Trex is a composite of 50% sawdust so 50% of it acts like wood. We would like to offer our services to your low bidder to supply the boardwalk in modular sections pre-assembled. See our web site for past projects. www.floatingdockcentral.com

Response: Bidders need to bid on the product specified (Trex). Equal products may be considered after receipt of bids and award of project to responsive and responsible low bidder.

3. **Question:** Is there a budget available? Also, is there a set start date or time frame for work to begin on this project?

Response: The current Engineer's Opinion of Probable Construction Cost is \$165,000. The current planned Bid Opening date is 3-26-18. Following Bid Opening, a recommendation for award will be made to Village Council currently planned for April 24, 2018. Following Council approval, a Notice to Proceed will be issued shortly thereafter.

4. **Question:** The largest deck screw available, according to my supplier, is a #14. Plans call for a #20 screw on the railing. Please advise on what size to bid.

Response: Where shown on the plans it specifies for the horizontal 2x6 PT wood rail to be fastened with 2#20 S.S. screws, the Contractor may install 3#14 S.S. screws. **Sheet No. 4 has been modified accordingly.**

5. **Question:** On the plans it states that the deck boards should be fastened with hidden fasteners. According to my supplier, Trex does not make hidden fastening systems for any 2x6 deck boards, it is only available in the 1x6 deck boards. Please advise on what fastening system to use.

Response: Hidden screws will not be required. **Sheet No. 4 has been modified accordingly.**

6. **Question:** What color Trex will be used?

Response: For bidding purposes, the Trex deck color shall be "Rope Swing". After the Contract is awarded, the Contractor shall submit sample submittals for review and approval by the Village.

ACKNOWLEDGEMENT: Bidder must acknowledge receipt of any and all Addenda in the space provided on the Bidder Submittal Form. Failure to do so may result in rejection of the Proposal. All requirements of the proposal documents remain unchanged except as cited herein.

1. **Question:** Will a maintenance bond be required for the 3 year warranty period?

Response: No, a maintenance bond is not required. The performance bond shall cover the entire warranty obligations set forth in the contract. The warranty period for this contract has been reduced to one year. Article 13 shall now read as follows:

13. Correction of Work and Warranty. Contractor warrants to Village that all materials and equipment furnished for the Project will be new unless otherwise specified and that all Work for the Project, will be of good quality, free from faults and defects, fully functional, and in conformance with the Contract Documents. The Contractor shall bear all costs of correcting such defective work. Contractor and Subcontractor warranties expressly also include all statutory warranties, all of which are specifically and expressly incorporated herein by reference. The Contractor shall also provide warranties from manufacturers for the specified items and systems within the Contract Documents (the "Manufacturers' Warranties"), Warranty Forms shall be attached as Exhibit "D" to this Agreement and may include Extended Warranties. These obligations shall survive termination of this Agreement. If Contractor should default in the performance of any of its warranty obligations, it shall be responsible for all damages, fees or costs incurred by the Village in enforcing the provisions of this Article, including, but not limited to, all attorney's fees, engineering and consulting fees or other expenses incurred. Without limiting the generality of the foregoing, if any warranty repairs are not performed within the specified time, emergency repairs performed by others shall not void the warranty and the Contractor shall reimburse the Village for all costs incurred in connection with the performance of such repairs. This warranty is in addition to and not in lieu of any other warranties, express or implied, which may be provided by law.

3. We give each employee engaged in providing the commodities or contractual services that are under Bid a copy of the statement specified in subsection (1).
4. We, in the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under Bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
5. We impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
