RE: Granting of the Agricultural Classification
Property Control Number: 73-42-43-27-05-026-0011

Dear Sir or Madam:

We have **granted** your application for agricultural classification, which also included a visual inspection of your property referred to by the above property control number. It is a classification of your property and not an exemption; therefore, it is only reflected in the assessed valuation of your property. The assessment notice and the tax bill will not show that the agricultural classification is granted.

If you have any questions regarding the classification of your property, please contact the Agriculture Department of the Property Appraiser's Office at (561)355-3489 or (561)355-2689.

Very truly yours,

Gary R. Nikolits, CFA
