**RE: VALIENTE POLO  
ENGENUITY GROUP PROJECT 99090.52- 20A**

Dear Jim,

This is the second review of the revised Plat of Valiente Polo. This review is done for compliance with Chapter 177 F.S. and the Village of Wellington's approved Plat language. We offer the following comments:

Limited Access Easements, Water Easements and Equestrian Trail Easements are dedicated to the Village of Wellington by this plat. All of our previous comments have been adequately addressed. The plat is in compliance with Chapter 177 F.S. and is suitable for recording.

Please contact our office if you need any further assistance.

Very truly yours,

Gary M. Rayman, P.S.M.  
Vice President

GMR/lb
