

## Funding Opportunity

### **2018 Hazard Mitigation Grant Program (Hurricane Irma)**

Federal Hazard Mitigation Grant Program funds made available by a declared disaster can provide up to 75% of the costs of an approved mitigation project. The remaining project costs must be met by the applicant. Generally, other funding sources such as Community Development Block Grant, local and/or state general revenue, and private non-profit funds are used to provide the 25% local/state match, and they may be in form of cash, in-kind resources, or third party in-kind contributions.

#### **Conforms with the State of Florida Mitigation Plan**

- The potential mitigation project must correspond with the policies set forth within the state plan.
- Provides a beneficial impact upon the disaster area

#### **A project should entail mitigation measures that possess:**

- The potential for reducing loss of life and property in the disaster area;
- The potential to solve other social and economic problems through multi-objective planning

#### **Solves a Problem**

##### **Direct Damages (property)**

- Structural (buildings, homes, levees)
- Non-structural (automobiles, furniture, clothing, equipment)

##### **Indirect Damages (loss of function)**

- Lost wages
- Lost sales or business income
- Relocation expenses
- Rent for temporary housing or space

**Application Deadline:** Jan/Feb 2018

**Contribution Match:** 75% / 25%

**Maximum Grant Amount:** \$TBD

## **Eligible Mitigation Activities – (PDM/HGMP Grant Programs)**

- Property Acquisition and Structure Demolition
- Property Acquisition and Structure Relocation
- Structure Elevation
- Mitigation Reconstruction
- Dry Floodproofing of Historic Residential Structures
- Dry Floodproofing of Non-residential Structures
- Generators
- Localized Flood Risk Reduction Projects
- Non-localized Flood Risk Reduction Projects
- Structural Retrofitting of Existing Buildings
- Non-structural Retrofitting of Existing Buildings and Facilities
- Safe Room Construction
- Wind Retrofit for One- and Two-Family Residence
- Infrastructure Retrofit
- Soil Stabilization
