RE: Contract Extension #021-18/DZ (Primary Roads & Canals)

Dear Mr. Phillips:

The current contract renewal will expire on September 30, 2022. Instead of exercising the final annual renewal option, Wellington has elected to extend the contract for a period of six (6) months through April 1, 2023 and will re-solicit these services in early 2023. The bid documents Special Terms and Conditions state:

Wellington reserves the right to extend automatically for a period not to exceed an additional (12) months in order to provide Wellington with continual service while a new contract is solicited, evaluated and/or awarded.

Please note, once the new contract has been awarded, the referenced contract will no longer be valid.

This six (6) month extension shall be under the same terms, conditions and pricing through April 1, 2023.

Your prompt response to this request is greatly appreciated.

Sincerely,

Emma Ramirez
