Based on the review, the Traffic Division has determined that the proposed change in the land use will continue to meet the TPS of Palm Beach County since there will be reduction of already approved trips.

All the previous Conditions of Approval, listed below, as contained in the original TPS approval letter, dated June 8, 2021, remain valid.

Prior to the issuance of the first Certificate of Occupancy, the Property Owner/Developer shall construct the following site related improvements:

1. Construct right turn lane north approach on SR-7 at the proposed access to the County minimum standards, or as approved by the FDOT or County Engineer, as appropriate.
2. Extend the existing left/U-turn lane south approach storage length on SR-7 immediately north of the proposed access to the maximum extent, or as approved by the FDOT or County Engineer, as appropriate.
3. Extend the existing left/U-turn lane north approach storage length on SR-7 immediately south of the proposed access to the maximum extent, or as approved by the FDOT or County Engineer, as appropriate.
4. Provide cross access with the properties to the north and south at appropriate locations on the site.

Please note the receipt of a TPS approval letter does not constitute the review and issuance of a Palm Beach County Right-of-Way (R/W) Construction Permit nor does it eliminate any requirements that may be deemed as site related. For work within Palm Beach County R/W, a detailed review of the project will be provided upon submittal for a R/W permit application. The project is required to comply with all Palm Beach County standards and may include R/W dedication.

No building permits are to be issued by the Village after the build-out date specified above. The County traffic concurrency approval is subject to the Project Aggregation Rules set forth in the Traffic Performance Standards Ordinance.

The approval letter shall be valid no longer than one year from date of issuance, unless an application for a Site Specific Development Order has been approved, an application for a Site Specific Development Order has been submitted, or the approval letter has been superseded by another approval letter for the same property.

**Re: Lotis Ph II Comprehensive Plan Amendment - #PTC21-001L.3
2021-0002-CPA**

Dear Mr. Newell:

Pinder Troutman Consulting, Inc. (PTC) has completed our review of the resubmitted information for the Comprehensive Plan Amendment Application for the above referenced project. The Comprehensive Plan Amendment Traffic Analysis dated July 20, 2022 was reviewed.

Our previous comments have been resolved. The analysis has demonstrated compliance with the level of service standards of the Transportation Element of the Village's Comprehensive Plan with development under the Mixed Use (MU) Future Land Designation to include the following uses and intensities:

| Land Use | Intensity |
|---------------------------|-------------|
| Quality Restaurant | 18,650 SF * |
| Miniature Golf Course | 36 Holes |
| Single Family Residential | 102 DUs |
| Apartments | 80 DUs |
| Townhomes | 56 DUs |

* 8,000 SF is associated with miniature golf course

Please contact me at atroutman@pindertroutman.com if you have any questions or need any additional information.

Sincerely,

Andrea M. Troutman, P.E.
