

With Council approval the Village of Wellington shall develop and administer a Commemorative Tree Program at approved neighborhood and community parks. Through the program, people will be able to sponsor commemorative trees to remember, pay tribute or acknowledge a birthday, wedding, other milestones, friend or loved one living or deceased. The cost of the tree sponsorship will be \$500 a tree, which covers the cost of the tree, installation, perpetual care and designated plaque.

Sponsors have their choice of the following tree species: Live Oak, Red Cedar or Crape Myrtle. Tree species may be substituted or changed at any time and are dependent upon the variety available at the Village's Tree Nursery.

Park locations may change or be removed depending on room available for mature trees.
