Funding Request (Addendum to original \$25,000 already sent in)

Explain in detail how the grant will fund programs, instructional materials and equipment to assist students who are performing below proficiency in reading and/or math. Include the grade levels that will be impacted. (Attach to this application the proposed prioritized budget of the program/equipment) Note: funds can only be used for non-consumable curriculum based materials.

In Addition to the Reading Grant I already submitted we would like to purchase an Orange LLI Kit. The quote is attached. This is a research based program that targets closing the achievement gap for students reading below grade level. This will be used in small groups of 3 students each for 30 minutes a day for a minimum of 8 groups each day.

Total anticipated cost: \$1,991.00

Performance Measures

Explain how you will be measuring the outcomes and overall effectiveness of the proposed program/equipment:

We will measure student growth with Running Reading Records, ORL, and iReady data from the beginning of the year to the end of the year.

Note: At the end of the school year, you will be required to submit a Data Summary Report to the Education Committee to remain eligible for future funding.
