

WESTWAY TOWING, INC

April 23, 2017

Mr. Ed De La Vega
Village of Wellington
Purchasing Department
12300 Forest Hill Boulevard
Wellington, Florida 33414

Dear Mr. De La Vega,

My name is Craig Goldstein, Owner and Operator of WestWay Towing Inc. I would like to thank the Village of Wellington for allowing me to submit my company information for you to review for your RFP for Proposal for Vehicle Towing and Storage Services RFP # 009-17/ED. Enclosed please find one original marked "Original," five additional copies of our proposal response, signed in ink, and one electronic PDF copy.

WestWay Towing is uniquely qualified to effectively accommodate the towing services of the Village of Wellington. We completely understand all the necessary requirements and specifications needed to meet and exceed service levels to the Village, its residents and guests. Diligence in the execution of these requirements will bring the highest levels of service to your community. We are one of the largest providers for Police Towing and Storage Services in Broward and Palm Beach Counties. We distinguish ourselves by recognizing the importance of teamwork, courtesy, and customer satisfaction. This is reflected in our Mission Statement and the special features listed in our Technical Approach for providing Towing Services for the Village. Our mission statement is, "WestWay Towing is Committed and Dedicated to providing its service in a Professional, Efficient, Caring, and Courteous manner to drivers and passengers whose vehicles have become inoperable. 'Drive On, We are Right behind you'."

Statement of Proposer's Capabilities

WestWay Towing will provide our services 24 hours a day, 365 days of the year. We will tow all vehicles to our proposed storage facility that is located within the city limits of the Village of Wellington, which is less than 3 miles to Village Hall, a significant advantage to the Village and the community. As our client, WestWay will follow the direction of the Village representatives for towing of parking violations, accidents, theft recoveries, abandoned or derelict vehicles, or vehicles that are required to be removed or impounded for any reasons that arises, from the public right-of-way, or other areas within the Village, or from other locations as directed. WestWay Towing will also provide towing for the Village of Wellington's own fleet for the rates noted on Page 35, Schedule B.

WESTWAY TOWING, INC

For the past 23 years WestWay Towing has provided towing services in Broward and Palm Beach Counties. We provide similar towing services to the municipalities we service with similar complexities and challenges as advertised in the Village.

Additionally, we work with Broward Sheriff's Office, Palm Beach County Sheriff's Office, and the Florida Highway Patrol for I-95 and the Florida Turnpike, and all of their special units.

Our current list of municipalities and agencies include:

- | | | | |
|----------------------|-----------------|------------------|-------------------|
| ✓ Boca Raton | ✓ Delray Beach | ✓ Hillsboro Mile | ✓ Fort Lauderdale |
| ✓ Lauderdale Lakes | ✓ Lauderhill | ✓ Sunrise | ✓ Tamarac |
| ✓ Weston | ✓ Wilton Manors | ✓ Broward County | ✓ Broward Sheriff |
| ✓ Palm Beach Sheriff | ✓ FHP | | |

Our roster of clients is even more impressive when you realize that the average client has been with WestWay Towing for an average of 14 years. They have NEVER been terminated from a municipal and/or public contract.

For almost six months, we have been working with the Village staff related to towing services. We correctly identified that the current rotation of 11 companies did not offer the type of customer service your residents and their guests expect. In fact we found that some customers had to travel more than 23 miles outside the Village to retrieve their vehicles that had been towed. Not only is this extremely inconvenient, but it is expensive as the customer is charged by the mile in addition to the hook up fee.

WestWay proposed to piggyback from its most recent RFP, Delray Beach, which would have saved the Village the time and expense of the RFP process. WestWay presented this program to the Village's Safety Committee on January 25, 2017, and received a recommendation of approval (5-1) to move forward with WestWay and our program.

We understand that this RFP may have been based on the Delray Beach RFP for the same services. WestWay is uniquely qualified in this regard as we have been operating in Delray Beach with rave reviews from users, police officers and the City.

Additionally, as we proposed to the Safety Committee and Staff in advance of this RFP being published, WestWay will honor the additional 15 minutes of FREE "Extra Time at Scene" for this agreement. This added bonus not only makes the towing service more economical, but it eliminates the "nickel and dime" mentality other providers employ.

WestWay Towing sincerely appreciates your consideration for allowing us to submit our RFP to the Village of Wellington. The following official signature will certify the contents of the proposer's responses to the City's Request for Proposal.

Thank you,

A handwritten signature in blue ink that reads "Craig Goldstein, President". The signature is written in a cursive, flowing style.

WESTWAY TOWING, INC

QUALIFICATIONS AND EXPERIENCE (TAB 5)

WestWay Towing has a successful proven record of serving municipalities and communities like the Village of Wellington. Over the past 23 years, we have handled the same services you are seeking in your RFP. Because we service so many public contracts, we recognize that we are serving two masters; you the client and your clients, the residents and guests. Compound those challenges with the simple truth that having to have your vehicle towed is not a positive event. This is why our company is COMMITTED and DEDICATED to customer service and has invested thousands in resources to ensure that all of our clients and customers are taken care of in a transparent and fair manner.

Our list of clients is impressive, particularly when you consider that WestWay has never been terminated, nor have we not completed a contract. Our goal is to create a long-standing, mutually beneficial relationship with the Village. Our representative clients include:

- | | | | |
|----------------------|-----------------|------------------|-------------------|
| ✓ Boca Raton | ✓ Delray Beach | ✓ Hillsboro Mile | ✓ Fort Lauderdale |
| ✓ Lauderdale Lakes | ✓ Lauderhill | ✓ Sunrise | ✓ Tamarac |
| ✓ Weston | ✓ Wilton Manors | ✓ Broward County | ✓ Broward Sheriff |
| ✓ Palm Beach Sheriff | ✓ FHP | | |

Working with these agencies, many for over 20 years, gives WestWay a unique perspective on not only having to perform service on the front-end, but to generate and submit reports and payment on a timely basis. Further, WestWay has experience working with municipalities to institute a towing and storage services program exactly like the Village is doing with this RFP. Our experience, resources and flexibility in setting up and running programs like these will be invaluable to the Village and be a key component in the program's success.

In just the past 3 years alone, WestWay has handled over 130,000 similar police directed and municipal directed tows. Based on our years of experience we have a process each WestWay driver must follow to ensure that the customer gets the best service possible in the safest manner possible. WestWay takes care of everything from arriving on and surveying the scene to chemical spill cleanup. We document and secure personal property in the vehicle to eliminate complaints of missing items. We file timely; accurate and legal liens per Florida Statutes so everyone associated with the vehicle including the owner, the lien holder, and the insurance company are properly notified.

4. Lindsy Dunlap v. Broward Collision, Rainbow Title & Lien, and Westway Towing

Broward County Circuit Court Case No.: 15-07250

Date Filed: April 29, 2015

Status: Dismissed as to all Defendants as of July 7, 2015.

Summary: Plaintiff was involved in an automobile accident in Fort Lauderdale. Pursuant to the contract between the City and Westway Towing, Westway was dispatched to the accident scene to remove the Plaintiff's damaged vehicle from the scene, and the Plaintiff signed an authorization to have her vehicle towed to Broward Collision for repair. Plaintiff did not have automobile insurance, and dispute arose between Plaintiff and Broward Collision as to Plaintiff's obligation to pay for a part of the repairs that the other drivers insurance was not covering. Westway Towing's only involvement was in responding to the dispatch call from the City. Accordingly, the Court granted Westway's motion to dismiss. Per the Court's dismissal order, Plaintiff had twenty days to refile the action or it would be dismissed with prejudice, and Plaintiff failed to timely refile the action.

United States District Court, Southern District of Florida Case No. 14-cv-62988

Date Filed: December 31, 2014

Status: Dismissed pursuant to Joint Stipulation for Dismissal with Prejudice filed by all Parties per settlement agreement.

Summary: Westway Towing was the contractual towing company for the Townhomes of Oriole Homeowners Association (the "Association"), and Plaintiff was a resident of the Association and bound by the Associations rules. WestWay was dispatched to tow the Plaintiff's 1972 Gremlin (rusted throughout) vehicle by an authorized representative of the Association; as the vehicle had been abandoned in the Associations parking lot and had several flat tires. WestWay performed the tow and afterwards Plaintiff claimed her vehicle was incorrectly removed. WestWay initiated the statutory lien and lien foreclosure process pursuant to Fla. Stat. 713. WestWay provided all required notices and publications required under chapter 713, and after no one responded and/or claimed the vehicle within the statutory timeframes, the vehicle was sold at auction (for scrap).

WESTWAY TOWING, INC

The Association failed to notify Westway at the time of the tow or anytime thereafter that Plaintiff was on active duty in the United States military, and further failed to provide Westway with the active duty service address that Plaintiff provided to the Association while she was away. Upon her return from service, Plaintiff contacted Westway, and thereafter retained counsel and filed the lawsuit referenced above. As soon as Westway learned of the lawsuit they immediately offered to purchase Plaintiff a replacement Gremlin vehicle as Plaintiff stated she had a personal affinity to the vehicle. Plaintiff declined this request, and the case was thereafter settled at mediation. WestWay Towing is a strong supporter of our military and took the hit for the property owner that should have been responsible.

Broward County Case No.: CACE-14014552

Date Filed: July 29, 2014

9. United Services Automobile Association v. Westway Towing

Broward Circuit Court Case No.: CACE-14-009380

Date Filed: May 16, 2014

Status: Closed

Summary: Plaintiff's insured was involved in an auto accident, and Plaintiff thereafter filed a subrogation claim against the adverse driver, and also claimed that Westway negligently towed the car and damaged it. WestWay denied liability, and the Plaintiff ultimately filed a voluntary dismissal of the case against WestWay on September 29, 2014 .

WESTWAY TOWING, INC

WESTWAY TOWING, INC

TECHNICAL APPROACH AND METHODOLOGY (Tab 6)

Based upon our 23 year of experience in servicing municipal and public agency contracts, WestWay has created a process and resources to provide our service in the safest, transparent and efficient manner possible. We believe that adherence to our process yields the best results for our customers, clients and WestWay.

Dispatch And Communication System

WestWay Towing worked with the Tracker Management Company to create this new communication system for the towing industry. We are capable of accepting digital data from your dispatch to go directly into our dispatch system. Upon the Palm Beach Sheriff's Office receiving a call for our services, they will contact WestWay's dispatch center so that the appropriate equipment can be sent to the scene. Our drivers use mobile data terminals that have unique IP addresses to directly call and communicate to the driver. He or she will accept the call from dispatch. By accepting the call it time stamps the dispatch screen. When the driver arrives at the scene he pushes arrive, and it time stamps the dispatch screen. Other actions like, Hooked, Enroute, Dropped, and Cleared works the same way, all digitally recorded data. The driver can also scan the vin plate which automatically enters the year, make, and model of the vehicle being towed. He/She then can take pictures of the vehicle to show any preexisting damage on the vehicle prior to hookup.

Specific contract rates are programmed into the system and by acknowledging the correct times on scene, the invoice is automatically calculated so there is no guessing of the cost for services by the driver. This also prevents driver fraud and theft, while giving customers a transparent method of determining their charges. We are also creating response time reports at the same time.

We know how important **HOLD** cars are to special investigations. Handling these types of storage situations are a task in itself. The last thing we want to happen is to explain to your traffic homicide investigator that our employee released his hold car, and we are trying to get it back. If your investigator puts a special **HOLD** on the vehicle, our management system puts a large **HOLD** on the front of the information screen so if anyone comes to our facility and tries to release this **HOLD** vehicle, our office personnel will automatically call the investigator to confirm the release.

Customer Service System

All complaints are addressed by owner Craig Goldstein who is hands on 24 - 7. This is one of the many reasons we are so successful. As a service provider to many municipalities and public agencies, we feel the best way to maintain our highest levels of service is to get involved and handle any issues or concerns head on, right away.

TRAINING CENTER

WESTWAY TOWING, INC

Our customer service is extremely important to us and we have invested in technology to continue to strive to be among the very best. As discussed previously, our dispatch and communication management system is capable of entering notes at any time by any employee. In 23 years and 12 municipal contracts, over 1,000,000 tows, we have had no more than 30 complaints that I am aware of. Most of those complaints arouse from private property tows, not the services sought by the Village in this RFP. At WestWay our philosophy is to ensure the best customer service and satisfaction in the business.

WhiteRail is a service review company that sends out reviews via text message through our state of the art CAD system called Tracker Management, asking each customer to not only rate the driver that assisted you, but the company as a whole from start to finish. Our goal at WestWay is to have a satisfied FIVE STAR customer once they leave our establishment. With WhiteRail we can monitor daily each department throughout the company to verify they are all operating at the highest level of service Mr. Goldstein demands. Below is a screen shot of the reviews.

WESTWAY TOWING, INC

To have the ability to receive immediate feedback on a customer's experience is important to WestWay, which is why they heavily invested in the Whiterail technology and service, what other tow company does that? This is evidence of WestWay's commitment to providing the best customer service possible.

Code Enforcement And Vehicle Notification

WestWay Towing has handled Code Enforcement Services with all the municipalities we service exclusively. Our vehicle notification system keeps us up to date with Florida State Statutes. Our vehicle notification process is computerized and automatically sends out the necessary certified letters. We have our own postal machine and a separate department that handles the lien letter process. We can go back 5 years to get information on all the cars that have been disposed of. Our lien process department will have direct communication with your code compliance division. Patricia Woodward is your contact at all times, and she can be reached at (954) 731-1115. Patricia has handled well over 450,000 cars and is well known with all the special auto task force agencies for her diligent work ethic and knowledge.

Scene Clean-Up

All of our vehicles have the necessary equipment to clean up any accident scenes. Brooms, shovels, absorbent material, and buckets to take away any debris caused at an accident scene. All of our drivers have worked these types of scenes and have the knowledge to open the road quickly, as well as clean the streets so no additional liability is left to potentially cause another accident.

For the larger accident scenes WestWay Towing has a bobcat with attachments, and a Volvo L120 loader with a bucket and forks. We carry road patch and other clean up supplies on our emergency response trailer. We have dumpsters available 24 hours a day 7 days a week with Republic Waste Services. We also have agreements for sand if needed. Our sister company Greenwave Oil Recovery, also owned by Craig Goldstein, has special pumper trucks available to handle any environmental cleanups from a result of a bad accident. Our loader is available with an operator **Free of Charge** if needed by the Village of Wellington to help clean up after a major emergency.

WestWay Towing has sealed 50-gallon containers that we use to properly dispose of materials that should not be dumped in regular dumpsters. These containers are picked up by a licensed waste disposal vendor that we pay, and we receive environmental manifests to coincide with the waste disposal laws.

OPERATIONS PLAN AND APPROACH

Our scope of service is further amplified by applying the following qualifications and service. In addition to providing the basic Towing services, WestWay Towing includes special features that make our plan of service most effective and beneficial to the residents of Wellington.

On-Call Customer Service Vehicle

Free Transportation is provided to those in need at the scene of an accident or breakdown. There are times when a family of two or more are traveling in their vehicle possibly to their hockey game, dinner, movie, etc. If their vehicle has been in an accident or breakdown and WestWay Towing is called by the Village of Wellington, most tow trucks are not capable of transporting two or more family members. WestWay Towing does not allow any residents to be left stranded at a breakdown or accident scene. Wellington residents will be taken to their home, local car rental agency, or to our primary office **free of charge**. WestWay Towing has a 2011 Dodge 4 door Pickup that will be used to perform these services. We would not take a vehicle and leave your residents abandoned. Your officers just need to request this service, and it will be dispatched with the Tow Truck. This will stop your police officers from transporting people home, and keep them on the road to do policing. More cost savings for your residents.

Safe, Accessible Location

Primary needs for your residents can be met at our location. A 6 foot covered fence surrounds this facility with barbed wire within the Village limits of Wellington. There is an inside waiting area, and bathrooms are available upon request.

Traffic Homicide and Crime Scenes

WestWay Towing has been approved by the Broward Sheriff's Office, Fort Lauderdale Police Dept., Sunrise Police Dept., the Florida Highway Patrol, Boca Police Dept., and Delray Beach Police Dept. to service potential traffic homicide accidents. Our employees are experienced in recovering and holding vehicles in strict compliance with the needs of onsite traffic investigations and crime scenes. WestWay Towing has worked with these special Police investigators for over twenty years, and has developed extensive experience in complex recoveries involving police, fire, and other emergency agencies. WestWay Towing has experience in all types of towing and recoveries. All of our drivers are trained to handle overturned vehicles. More importantly they are trained to service calls in a courteous and professional manner.

WESTWAY TOWING, INC

Village Of Wellington Quick Response Time: Efficiency

WestWay Towing will have units placed strategically within or adjacent to the Village of Wellington boundaries at all times. We will keep a tow truck at S.R. 441 and Lake Worth Road at all times. We will have another vehicle at our main location which is on Fairlane Farms Road. Another unit will be placed at Western end of Forrest Hills Blvd. These locations will change based on the severity of coverage needed in the Village. Quick response times allows PBSO to complete their reports and get back to action instead of waiting for tow trucks to arrive. Those unavailable hours sitting add up to **major dollars in your PBSO budget**. WestWay's operation offers significantly better efficiencies to the Village, PBSO and the community.

Village Of Wellington Residents Release Of Vehicle

If a vehicle is towed by your designated police department, PBSO, the law states that the registered owner has to go down and release the vehicle with the proper identification. There have been many instances that the vehicle towed was the only vehicle owned by that resident. If a Wellington resident needs a ride to pick up their vehicle or to release it to someone who will repair it, WestWay shall except fax information to help your residents expedite the return of their vehicle. This is **another benefit** that most towing companies will not accept. The free ride to our office when needed is also dollars saved by your residents.

Scheduling and Cost Control System

Mr. Goldstein does all the scheduling at WestWay Towing with the dispatcher on call. To determine the appropriate staffing levels, a good company always overstaffs, because you never know what's going to come in. We will use our experience and previous years towing schedules to look and compare for holiday scheduling. We schedule with an overlapping technique, so we always have available drivers at any given hour.

Westway Towing Command Center Vehicle

This 2015 Mercedes Spinter RV is equipped with safety equipment, refrigerator, bathroom, and office seating for use at extended emergencies that emergency responders will participate in like a DUI task force check point scene, or a 5 alarm fire.

WESTWAY TOWING, INC

Project Approach

Our main location for servicing the Village of Wellington Towing and Storage Services is in the Village of Wellington. The location is 3340 Fairlane Farms Road, Suite 2 Wellington, Florida 33414.

This facility is ADA accessible and has indoor storage for those vehicles requiring protection from inclement weather or special investigative holds. This indoor facility is

capable of storing at least 10 vehicles comfortably. We have a mechanical lift, and tools that we make available for vehicles that are being held for crime scene investigations. There are offices available for your special investigators as well. These offices have computers, printers, Wi-Fi, bathrooms, desks, and phones. We also have a locked personal property room that we store valuable property that has been taken out of the car for additional security and protection for the public. Each item is tagged with a decal we

have made, recorded accurately and stored responsibly.

Our outdoor storage facility is completely enclosed by a six-foot fence with barbed wire and enough room to handle 100 cars. We have video cameras and recorders for added security as well.

The fees charged to your residents are based on Palm Beach County Consumer Affairs pricing. The pricing for a small average vehicle is \$167.00 and 7.50 a mile. Having our office in the Village of Wellington could save close to \$100 or more dollars based on a towing company servicing Village. The tow to the towers compound according to the RFP can be up to 15 miles per the specifications of the RFP. Don't forget the owner that may want to bring their vehicle for repair back to the area, which equates to possibly 30 miles at 7.50 per mile would be \$225.00 plus the \$167.00 for a possible total of \$392.00. WestWay Towing's facility is in the Village limits. The probable average miles fee would be about 5 miles; which is a substantial savings to your residents. The location of our facility in conjunction with the revenue generated to the Village as a result of our program and the added conveniences to the public will be a win-win-win.

These special features that we offer to your residents will save them money on transportation. These features will save your residents time in handling their issues while being inconvenienced by the reason they were towed. WestWay Towing knows what your residents are going to go through when their vehicle is towed, so we have developed these features to help them get through their dilemma.

WESTWAY TOWING, INC

Equipment List

WestWay Towing is equipped with the finest commercially manufactured equipment available, and at any time can handle any type of recovery or wrecker situation that has occurred.

Our vehicles are maintained and inspected on a daily basis. Each driver is responsible to check the vehicle prior to his day of work. Any equipment problem discovered or maintenance required is reported to dispatch immediately. All trucks are serviced every 8,000 miles by a full time employee, who is a certified ASE mechanic. This includes hydraulics, brakes, and all fluid checks. It is important that our image is as good as our service. We have been selected four times by TOW TIMES Magazine, which is the main magazine that recognizes the Towing industry across the country. This past week WestWay Towing placed as the overall Show winner for the beauty contest at the Orlando Towing convention.

WestWay Towing owns 95 percent of our fleet. To keep up with one of the nicest fleets in the country we try to keep one driver to a truck. We do not like multiple drivers to a truck because you lose the responsible party. Trucks stay in top condition and trade in values are much stronger. Our wreckers and flatbeds are turned over every three to four years. This also creates for the best depreciation return as well.

In conjunction with our highly powered computerized dispatch system WestWay Towing uses a vehicle tracking system that provides reports and information on our own fleet. If a driver is abusing his vehicle by making quick stops or driving erratically, an email is sent immediately to the manager on shift. When our driver signs in to work they also go through a vehicle equipment list on their tablet. The driver can note any vehicle issues and any equipment problems and this is then emailed directly to our own ASE diesel mechanic.

4. We, in the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under Bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
5. We impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
6. We make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.
