NOW, THEREFORE, BE IT RESOLVED BY WELLINGTON, FLORIDA'S COUNCIL that:

SECTION 1. The foregoing recitals are hereby affirmed and ratified as being true and correct.

SECTION 2. The Wellington Council hereby adopts the rate schedule set forth herein on attached Exhibit “A” in its entirety and, except as otherwise provided herein, shall become effective on October 1, 2018, with the exception of water, wastewater and fire line capacity charges which shall become effective on December 1, 2018. The Capacity charges in existence prior to the adoption of this Resolution shall remain in full force and effect until that time.

SECTION 3. The Village Manager shall implement the provisions and conditions of the rate schedule as established herein.

SECTION 4. This Resolution shall become effective immediately upon adoption.

PASSED AND ADOPTED this 14th day of August, 2018.

ATTEST:

WELLINGTON

SECTION 1. INTRODUCTION

1.1 PURPOSE

The purpose of this Rate Resolution is to establish uniform and nondiscriminatory utility rates, fees and charges for the proper administration of the Village of Wellington Water and Wastewater Systems.

1.2 VALIDITY

The rates, fees and charges as well as related definitions specified herein supersede and replace any prior rates, fees and charges governing the provision of water and wastewater utility service unless such prior specification is protected by valid agreement or otherwise protected by law or action of the Village Council. If a portion of this document is declared unconstitutional or void for any reason by any court of competent jurisdiction, such decision shall in no way affect the validity of the remaining portions.

1.3 APPLICATION OF CURRENT LAWS

The Village Utility System will abide by and adhere to all current Federal, State and local laws, rules and regulations as applicable.

1.4 PERPETUITY OF SERVICE

Upon Service Initiation, the Customer will be billed and is obligated to pay Monthly Base Facility Rates for service availability regardless of whether consumption has occurred. Monthly Base Facility Rates address the ongoing expenses required to keep service available to customers. Accordingly, upon discontinuance of service (excluding permanent, physical disconnection) to a property, Monthly Base Facility Rates will continue to accrue. Failure to pay these fees within sixty (60) days may result in a Claim of Lien being filed on the Property in accordance with the provisions of Chapter 159, Florida Statutes. The Village will endeavor to provide service in perpetuity if the Customer adheres to the rules stated herein and as may be revised from time to time and maintains his billing account in a current paid status.

1.5 EMERGENCY AUTHORITY TO WAIVE RATES, FEES and CHARGES

The Utility Director may waive Monthly Base Facility Rates for up to twelve (12) months for homes and businesses that have been condemned by the Palm Beach County Health Department or any other governmental entity as the result of such emergency condition. In such cases, the Utility shall remove the meter at no charge to the Customer, and no Capacity Charges or re-installation fees will be charged by the Utility when service is restored provided that the restored service is the same as that previously disconnected. The waiver of such Monthly Base Facility Rates shall apply only to the originally affected property owner, and billing for Monthly Base Facility Rates shall be resumed if the property is sold or transferred to another owner.

1.6 SERVICE AREA

The Utility may provide potable water and wastewater service to all areas within the Village

Utility Service Boundary except for those areas defined in written agreements.

1.7 DEFINITIONS

1.7.1 Capacity Charge

The fee designed to recover the capital cost of system capacity which has been or will be constructed in anticipation of future utility service requests.

1.7.2 Commercial Customer

Commercial Customers include all utility connections that are not a Residential Customer and any secondary service connections that are in addition to the service connection that serves a Customer's Dwelling Unit. Also included are connections to government facilities, irrigation system connections, motels, hotels, and hospitals. The Commercial Customer class is separated into subcategories by meter size with Monthly Base Facility Rates determined by meter size.

1.7.3 Customer

Any person, Dwelling Unit, agent, Property Owner, developer, user, company, municipal corporation, political subdivision, homeowners' association, or other entity which accepts or receives Potable Water or Wastewater services, or which benefits directly from utility services rendered by the Village Utility System.

1.7.4 Director

The Director of the Village Utility System or his/her duly authorized representative.

1.7.5 Dwelling Unit

A single residential unit designated or intended for one-family occupancy (a household of one or more persons), including, but not limited to, one single-family house, one-half of a duplex, one apartment, or one condominium.

1.7.6 Fire Line

A dedicated Potable Water service line utilized to provide water for fire suppression systems.

(1) Residential Fire Lines:

(a) Single Meter Residential fire lines are defined further in NFPA 13d. The Fire Marshall non-monitored system is connected to the Village's Potable Water System on the customer side of the primary potable water meter serving a dwelling unit. Single meter residential homes which would normally qualify for a 5/8" meter with a NFPA 13d fire sprinkler system shall require a 1-inch meter but will be charged Capacity Charges and monthly Base Facility Rates in accordance with the rates established for a 5/8-inch meter.

(b) Master Meter Residential fire lines are defined further in NFPR 13r. The Fire Marshall monitored system serving master metered residential units is connected to the Village 's Potable Water System through a separate tie-in and properly sized, approved, testable above ground backflow prevention device.

(2) Commercial Fire Lines:

Fire lines serving any structures other than residential dwelling units as defined further in NFPA

13. The Fire Marshall monitored system serving non-residential structures is connected to the Village's Potable Water System through a separate tie-in and properly sized, approved, testable, above ground backflow prevention device.

1.7.7 Grease Trap

A Village-approved device designed and installed to separate and retain floatable, deleterious, hazardous, and/or undesirable matter generated by food processing facilities from Wastewater or liquid wastes, prior to discharges into the Village Wastewater Collection System.

1.7.8 Monthly Base Facility Rate

A fee paid monthly by all Customers which addresses the Customer's share of the Utility's fixed and non-variable costs incurred to ensure that service is continuously available.

1.7.9 Potable Water

Water for human consumption which meets Federal, State, and County standards.

1.7.10 Potable Water System

Facilities for the supply, treatment, transmission and distribution of potable water.

1.7.11 Property Owner

The person who is vested in the ownership, dominion, or title of real property as recorded in the Public Records of Palm Beach County.

1.7.12 Residential Connection

For the purposes herein, there shall be two classes of residential connections: Single Meter Residential and Master Meter Residential.

(1) Single Meter Residential: Individually metered Dwelling Units.

(2) Master Meter Residential: Master-metered Dwelling Units which include apartment buildings, condominiums, duplexes, triplexes, fourplexes, and any other Dwelling Units that share one or more common walls, roofs, and/or floors

1.7.13 Usage Charge

Fees paid monthly by all Customers based on the volume of metered water consumption and which address the Customer's share of the Utility's variable costs incurred to ensure that service is continuously available.

1.7.14 Village Potable Water System

All facilities utilized for the provision of water services, including but not limited to supplying, treating, and distributing water to Customers which are outlined by the Village of Wellington.

1.7.15 Village Utility Service Boundary

The geographical area wherein the Village Utility System provides service, as it may change from time to time.

1.7.16 Village Utility System

All facilities utilized in the provision of water or wastewater services to Customers which are owned by the Village of Wellington.

1.7.17 Village Wastewater System

The structures, equipment, and processes required to collect, carry away, and treat domestic,

industrial, commercial, medical, holding tank and other wastes and dispose of the effluent. Any facility which discharges waste, or which can reasonably be expected to be a source of water pollution and includes the Wastewater Collection System and the Wastewater Treatment Plant.

1.7.18 Wastewater

Liquid and water-carried industrial, domestic, medical, food, superfluous solid, gaseous material, holding tank or other wastes from residential dwellings, commercial establishments and/or manufacturing facilities, whether treated or untreated, which are discharged into the Village's Wastewater System.

SECTION 2. SERVICE INITIATION CHARGES

2.1 WATER CAPACITY CHARGES

Capacity Charges for the connection to the Potable Water System shall be assessed in accordance with the following table. Capacity Charges are payable upon issuance of a building permit, or in accordance with a Utility Service Agreement.

Customer Class (INSIDE VILLAGE)	Water Capacity Charge
Single Meter Residential (5/8 Inch Meter)	\$1,480.00
Single Meter Residential (1 Inch Meter)	\$2,440.00
Master Meter Residential (Per Dwelling Unit)	\$1,450.00
Commercial 5/8 Inch	\$1,480.00
Commercial 1 Inch	\$3,700.00
Commercial 1-1/2 Inch	\$7,400.00
Commercial 2 Inch	\$11,840.00
Commercial 3 Inch	\$23,680.00
Commercial 4 Inch	\$37,000.00
Commercial 6 Inch	\$74,000.00
Commercial 8 Inch and Larger	By Analysis
(1) Customer classes are as defined in Section 1.	

Customer Class (OUTSIDE VILLAGE)	Water Capacity Charge
Single Meter Residential (5/8 Inch Meter)	\$1,850.00
Single Meter Residential (1 Inch Meter)	\$3,050.00
Master Meter Residential (per Dwelling Unit)	\$1,812.50
Commercial 5/8 Inch	\$1,850.00
Commercial 1 Inch	\$4,625.00
Commercial 1-1/2 Inch	\$9,250.00
Commercial 2 Inch	\$14,800.00
Commercial 3 Inch	\$29,600.00
Commercial 4 Inch	\$46,250.00
Commercial 6 Inch	\$92,500.00

Commercial 8 Inch and Larger	By Analysis
(1) Customer classes are as defined in Section 1.	

2.2 WASTEWATER CAPACITY CHARGES

Capacity Charges for connection to the wastewater system shall be assessed in accordance with the following table. Capacity Charges are payable upon issuance of a building permit or in accordance with a Utility Services Agreement.

Customer Class (INSIDE VILLAGE)	Wastewater Capacity Charge
Single Meter Residential (<1 Inch Meter)	\$2,270.00
Single Meter Residential (1 Inch Meter)	\$3,750.00
Master Meter Residential (Per Dwelling Unit)	\$1,625.00
Commercial 5/8 Inch	\$2,270.00
Commercial 1 Inch	\$5,675.00
Commercial 1-1/2 Inch	\$11,350.00
Commercial 2 Inch	\$18,160.00
Commercial 3 Inch	\$36,320.00
Commercial 4 Inch	\$56,750.00
Commercial 6 Inch	\$113,500.00
Commercial 8 Inch and Larger	By Analysis
(1) Customer classes are as defined in Section 1.	

Customer Class (OUTSIDE VILLAGE)	Wastewater Capacity Charge
Single Meter Residential (<1 Inch Meter)	\$2,837.50
Single Meter Residential (1 Inch Meter)	\$4,687.50
Master Meter Residential (Per Dwelling Unit)	\$2,031.25
Commercial 5/8 Inch	\$2,837.50
Commercial 1 Inch	\$7,093.75
Commercial 1-1/2 Inch	\$14,187.50
Commercial 2 Inch	\$22,700.00
Commercial 3 Inch	\$45,400.00
Commercial 4 Inch	\$70,937.50
Commercial 6 Inch	\$141,875.00
Commercial 8 Inch and Larger	By Analysis
(1) Customer classes are as defined in Section 1.	

2.3 FIRE LINE CAPACITY CHARGES

Capacity Charges pertaining to privately owned fire-protection systems and equipment

connected to the Village Potable Water System shall be assessed in accordance with the following table based on the size of the service line connecting the private system to the Village's Potable Water System. Notwithstanding the foregoing, in accordance with Section 633.208, Florida Statutes, the Village will not charge a Capacity Charge for a separate water connection for a single family house or duplex fire sprinkler system if capacity is hydraulically available at the property line, provided that the Customer so notifies the Village prior to connection.

Fire Line Service (INSIDE VILLAGE)	Charge
Master Meter Residential and Commercial	
2 Inch Meter	\$11,840.00
3 Inch Meter	\$23,860.00
4 Inch Meter	\$37,000.00
6 Inch Meter	\$74,000.00
8 Inch Meter	By Analysis

Fire Line Service (OUTSIDE VILLAGE)	Charge
Master Meter Residential and Commercial	
2 Inch Meter	\$14,800.00
3 Inch Meter	\$29,600.00
4 Inch Meter	\$46,250.00
6 Inch Meter	\$92,500.00
8 Inch Meter	By Analysis

2.4 METER INSTALLATION CHARGES

Charges related to the installation of a water meter for each connection to the Potable Water System shall be assessed in accordance with the following table.

POTABLE WATER (INSIDE VILLAGE)	
Meter Size	Meter Installation
5/8 Inch	\$380.00
1 Inch	\$500.00
1-1/2 Inch	\$670.00
2 Inch	\$800.00
3 Inch	\$900.00
4 Inch	\$1,100.00
6 Inch	By Analysis
8 Inch	By Analysis
<p>(1) Meters, meter-reading devices, and service lines installed by the Village shall remain the property of the Village.</p> <p>(2) On request, the Village will install at the customer's expense, a larger meter than the minimum size required for that connection. However, the Village will not install a larger meter if the customer's demand is too low for the accuracy range of the meter size requested.</p>	

- (3) The meter-installation charge is for pre-tapped (service line already in place) installations and represents the cost of installing the meter and meter box only.

POTABLE WATER (OUTSIDE VILLAGE)

Meter Size	Meter Installation
5/8 Inch	\$475.00
1 Inch	\$625.00
1-1/2 Inch	\$837.50
2 Inch	\$1,000.00
3 Inch	\$1,125.00
4 Inch	\$1,375.00
6 Inch	By Analysis
8 Inch	By Analysis

- (1) Meters, meter-reading devices, and service lines installed by the Village shall remain the property of the Village.
- (2) On request, the Village will install at the customer's expense, a larger meter than the minimum size required for that connection. However, the Village will not install a larger meter if the customer's demand is too low for the accuracy range of the meter size requested.
- (3) The meter-installation charge is for pre-tapped (service line already in place) installations and represents the cost of installing the meter and meter box only.

SECTION 4. MISCELLANEOUS CHARGES

4.1 MISCELLANEOUS UTILITY SERVICES

Services provided by the Village at the request of a Customer or to correct improper Customer activities shall be assessed in accordance with the following tables.

Miscellaneous Services (INSIDE VILLAGE)	Charge
Effective Dates	10/1/18-9/30/19
Account Application/Service Initiation	\$25.00
Account Transfer	\$25.00
Delinquent Account Charge	\$10.00
Water Service Call – Normal Hours	\$55.00
Water Service Call – After Hours	\$180.00
Wastewater Service Call – Normal Hours	\$124.00
Wastewater Service Call – After Hours	\$180.00
Wastewater Service Line Inspection	\$142.00
Meter Testing Fee (2 Inch and smaller)	\$135.00
Grease Trap Inspection Fee	\$165.00
Backflow Preventer Inspection Fee	\$30.75

Charges apply unless test indicates meter should be replaced.

The Village reserves the right to charge, at cost, for services needed to address all other corrective or enforcement actions performed to protect the public utility system because of the Customer's failure to comply with local regulations.

Miscellaneous Services (OUTSIDE VILLAGE)	Charge
Effective Dates	10/1/18-9/30/19
Account Application/Service Initiation	\$31.25
Account Transfer	\$31.25
Delinquent Account Charge	\$12.50
Water Service Call – Normal Hours	\$68.75

Water Service Call – After Hours	\$225.00
Wastewater Service Call – Normal Hours	\$155.00
Wastewater Service Call – After Hours	\$225.00
Wastewater Service Line Inspection	\$177.50
Meter Testing Fee (2 Inch and smaller)	\$168.75
Grease Trap Inspection Fee	\$206.25
Backflow Preventer Inspection Fee	\$38.44
Charges apply unless test indicates meter should be replaced.	
The Village reserves the right to charge, at cost, for services needed to address all other corrective or enforcement actions performed to protect the public utility system because of the Customer's failure to comply with local regulations.	

4.2 FIRE SERVICE

Monthly Base Facility Rates pertaining to privately owned fire-protection systems and equipment connected to the Village Potable Water System shall be assessed monthly in accordance with the following table based on the size of the service line connecting the private system to the Village's Potable Water System. All potable water used for fire protection purposes that is documented to the Village Utility Director by the Fire Marshall or by a certified hydrant-testing agency shall be assessed at the then-current lowest block Usage Charge. Notwithstanding the foregoing, in accordance with Section 633.208, Florida Statutes, the Village will not charge a Capacity Charge for a separate water connection for a single family house or duplex fire sprinkler system if capacity is hydraulically available at the property line, provided that the Customer so notifies the Village prior to connection. In addition, the Village will not charge a higher monthly Base Facility Rate to a one or two family Dwelling that requires a larger water meter solely due to the installation of fire sprinklers above that which would otherwise be necessary to serve the Dwelling Unit(s); however, the Village may charge a higher Meter Installation Fee for the larger meter if there is, and to the extent of, the actual cost differential.

Monthly Fire Line Base Facility Rates (INSIDE VILLAGE)		Charge
Effective Date		10/1/18
Master Meter Residential and Commercial		
2 Inch Meter		\$9.50
3 Inch Meter		\$19.00
4 Inch Meter		\$30.00
6 Inch Meter		\$60.00
8 Inch Meter		By Analysis

Monthly Fire Line Base Facility Rates (OUTSIDE VILLAGE)		Charge
Effective Date		10/1/18
Master Meter Residential and Commercial		
2 Inch Meter		\$11.88
3 Inch Meter		\$23.75

4 Inch Meter	\$37.50
6 Inch Meter	\$75.00
8 Inch Meter	By Analysis

SECTION 5. CUSTOMER DEPOSITS

5.1 GENERAL

Security deposits to reduce bad-debt losses shall be established for each new customer account and adjusted as necessary in accordance with this Section.

Customer Deposits (INSIDE VILLAGE)		
Meter Size	Water Account	Wastewater Account
5/8 Inch Meter	\$60.00	\$60.00
1 Inch Meter	\$150.00	\$150.00
1-1/2 Inch Meter	\$300.00	\$300.00
2 Inch Meter	\$480.00	\$480.00
3 Inch Meter	\$960.00	\$960.00
4 Inch Meter	\$1,500.00	\$1,500.00
6 Inch Meter	By Analysis	By Analysis
8 Inch Meter	By Analysis	By Analysis

Customer Deposits (OUTSIDE VILLAGE)		
Meter Size	Water Account	Wastewater Account

1 Inch Meter	\$187.50	\$187.50
1-1/2 Inch Meter	\$375.00	\$375.00
2 Inch Meter	\$600.00	\$600.00
3 Inch Meter	\$1,200.00	\$1,200.00
4 Inch Meter	\$1,875.00	\$1,875.00
6 Inch Meter	By Analysis	By Analysis
8 Inch Meter	By Analysis	By Analysis

SECTION 6. AUTOMATIC RATE ADJUSTMENTS

6.1 PRICE INDEX

The following rates, fees and charges shall be subject to annual indexing applying to bills rendered on or after October 1 of each year. The index shall be the greater of the U.S. Bureau of Labor Statistics Water and Sewer Maintenance Index or 3.5 percent.

- Meter Installation Charges
- Customer Deposits
- Monthly Base Facility Rates
- Monthly Fire Line Base Facility Rates

1 Monthly User Charges
2 Miscellaneous Service Charges

3 6.2 EMERGENCY WATER CONSERVATION CHARGES

4 If the Wellington Village Council places emergency water conservation charges in effect via a
5 subsequent public hearing and resolution, the Council then may revoke such charges at any time
6 without a noticed public agenda item by finding that the conditions upon which such charges
7 were established no longer merit their imposition.

8 6.3 VILLAGE AND CUSTOMER MAINTENANCE OBLIGATIONS

9 The Village's responsibility for ownership operation and maintenance shall end at the following
10 locations ("Point of Service"):

11
12 (1) Potable Water System: as shown on the applicable details in the "Village of Wellington
13 Utility Water and Wastewater Systems Construction Specifications and Standard Details
14 Manual" or as otherwise approved by the Director.

15 (2) Fire Line (with direct connection to the Village Potable Water System): as shown on the
16 applicable details in the "Village of Wellington Utility Water and Wastewater Systems
17 Construction Specifications and Standard Details Manual" or as otherwise approved by the
18 Director.

19 (3) Wastewater System: as shown on the applicable details in the "Village of Wellington Utility
20 Water and Wastewater Systems Construction Specifications and Standard Details Manual" or as
21 otherwise approved by the Director.

22 (4) Private Lift Stations and Force Mains: as shown on the applicable details in the "Village of
23 Wellington Utility Water and Wastewater Systems Construction Specifications and Standard
24 Details Manual" or as otherwise approved by the Director.

25 The Customer is responsible for maintenance and repair of (i) all water facilities downstream of
26 the Point of Service and (ii) all wastewater facilities upstream of the Point of Service.

27 28 6.4 REPEAL OF PRIOR RESOLUTIONS

29 All Resolutions in conflict herewith are hereby repealed, but only to the extent of any conflict.
