ADDENDUM NO. THREE

PURPOSE: The purpose of this Addendum/NOTICE is to make changes, additions, deletions, revisions, and clarifications to the (ITB) Invitation to Bid documents for the Landscape Maintenance Services for Facilities, Primary Roads, Utility Sites, Canals and Equestrian Trails. Bidder shall review the Addendum/NOTICE work and requirements in detail and incorporate any effects the Addendum/NOTICE may have in their proposal price.

1. **Question: Are we allowed to bid on just irrigation maintenance on the roadway contract?**
Response: No, you would have to bid on the entire section.
2. **Question: There is no mention of a requirement to carry out weed control back of sidewalk to wooden fences on Primary Roadways that was in the prior contract. This work was on Forest Hill Blvd, Wellington Trace, Birkdale Drive, Big Blue Trace, Greenview Shores Blvd and Aero Club Drive. Stribling, SR7, South Shore Blvd, Lake Worth Road and Binks Forest do not have any of these areas to maintain.**
Response: The following Specifications for Weed Removal on Primary Roadways shall be added:
5.8 Spray or remove weed growth underneath hedges parallel to pathways/sidewalks alongside all roadways associated with this contract. Use caution not to overspray herbicide onto plant material
3. **Question: Are there some missing areas of maintenance on Forest Hill opposite the Boat Ramp, Empty lot, etc?**
Response: This has been awarded to the contractor that is mowing parks and OSR's.
4. **Question: Are bidders aware that there is a section of tall arboricola hedge rear of the Boat Ramp north to Block Island that is included in contract?**
Response: We invited anyone that wanted to come look and ask questions to please do so. This area is included on the map similar to planting in the medians and plant screening under power lines.
5. **Question: Is the median on Lyons Road by Central High School still included in contract.**
Response: Yes, it is included on map along with a small area just north of the high school at the catch basin.
6. **Question: Are bidders aware that the slope on the north side of Pierson Road between Fairlane Farms Road and 120th cannot be cut with tractors or side arm mower due to overhanging trees but has to be done with zero turn mowers and weed eaters. This also applies to a section of the canal (166 on map) rear of the fire station.**
Response: Yes, specialty areas are on the maps and were discussed at the pre-bid. Hand work may required where slope mower have constraints. There is approximately 1 mile that will need zero turn and weed eating due to overhanging trees/property line conflicts.

7. **Question:** Are bidders aware that there are new areas on this contract that were not on previous contracts? For example Area 200 west of Flying Cow Road.

Response: Yes, these areas are on the maps and it was discussed at pre-bid.

8. **Question:** Are bidders aware that equestrian style 4 ft wooden fences have been installed in several areas that require specialized high pivot longer reach arm mowers and more weedeating than previous.

Response: Yes, these areas are on the maps and it was discussed at pre-bid.

9. **Question:** Are bidders aware that Gracida Street was re constructed from a dirt road and now has many maintained areas that require hand work due to the engineering design and the installation of a tall wooden fence along its north side?

Response: Yes, these areas are on the maps and it was discussed at pre-bid. There is approximately 1 mile that will need to be done by hand if the slope mower is not adequate.

10. **Question:** The bid tabulation sheets do not truly represent the current contract costs. Facilities bid tabulation sheets for Facilities show the 2 lowest bids at \$ 99 K to \$ 108 K. The new bid also includes the Tennis Facility and Lake Wellington Prof. Centre. Can you confirm the actual current contract amount, or at least the Village of Wellington Official Budget for this Contract?

Response: It was mentioned in Addendum One that the 2013 and 2014 bids are similar, but they are not the same. The bid tabulations sheets from the last bids were for informational purposes only. Additional services and areas have been added to the existing contracts, since the original bids were let. Wellington has also moved certain sites to different sections. It shall be the Bidders responsibility to carefully examine the specification requirements, bid documents and familiarize themselves with the nature and extent of the work, including any local conditions that may in any manner affect the work to be done. The current contract amounts are as follows:

- Primary Roads - \$246,960.00
- Canal banks, slopes and equestrian trails - \$225,147.30
- Wells and Lift Stations - \$31,800.00
- Facilities - \$180,900.72

11. **Question:** Please provide Budget figures on all Contracts included in this bid.

Response: The total budget is \$857,601.

12. **Question:** Is Stribling Road East of 441 included in irrigation maintenance under Primary Contract.

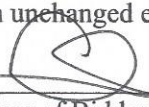

Response: Yes, this area should be included. Please see Item 22 on the revised Schedule of Values for Primary Roads attached.

13. **Question:** Batteries on SR7 valves need checking every 2 weeks. (Not battery replacement every 2 weeks)

Response: Yes, that is correct.

14. **Clarification:** There could be as much as 5 miles of canal slopes to weed eat if the slope mower is not adequate and 3 miles along Flying Cow that will be all hand work due to guardrail interference.

ACKNOWLEDGEMENT: Bidder must acknowledge receipt of any and all Addenda in the space provided on the Bidder Submittal Form. Failure to do so may result in rejection of the Proposal. All requirements of the proposal documents remain unchanged except as cited herein.
