11700 Pierson Rd

Village of Wellington, FL 33414

Alex,

Pioneer Manufacturing Company dba Pioneer Athletics is the nation's leader in athletic field paints and striping equipment. We are the manufacturer and sole distributor of many products widely used on athletic fields.

Our products are formulated and manufactured exclusively at our facility in Cleveland, OH. Our products can be seen on professional football fields, major college fields, and many high school and city park fields in all 50 states and are only available from Pioneer.

The TinyLineMarker is housed in a strong, 25-mm, lightweight aluminium frame capable of withstanding outdoor weather conditions. With its large, 12-inch, high-traction tires, the TinyLineMarker can manage uneven playing fields, and mark most wet pitches. Unlike other products similar, the TinyLineMarker works free of components such as a satellite signal base station. The TinyLineMarker is manufactured in Denmark and Pioneer is the only authorized distributor of the brand in the United States.

Thank you,

A handwritten signature in blue ink, appearing to read "DFord", written over a light blue grid background.
