

## BID PROPOSAL CHECKLIST

**Note:** Please submit your bid in this order for electronic and paper bids.

- YES ☒ NO ☐ 1. Bid submittal – If submitting a paper bid → one (1) original and one (1) PDF (CD) copy or flash drive
- YES ☒ NO ☐ 2. Bid Cover Page
- YES ☒ NO ☐ 3. Acknowledgment of addendums (if any)
- YES ☒ NO ☐ 4. Bid Submittal
- YES ☒ NO ☐ 5. Qualifications with Tabs 1 – 6
- YES ☒ NO ☐ 6. Schedule of Values
- YES ☒ NO ☐ 7. Questionnaire – Include with Tab #6 of the Qualifications
- YES ☒ NO ☐ 8. Drug Free Workplace
- YES ☒ NO ☐ 9. Sworn Statement under Section 287.133(3) (a)
- YES ☒ NO ☐ 10. Wellington Local Preference Form
- YES ☒ NO ☐ 11. Conflict of Interest
- YES ☒ NO ☐ 12. Non-Collusion Affidavit
- YES ☒ NO ☐ 13. Insurance Certificates
- YES ☒ NO ☐ 14. Copy of Appropriate Licenses

**BID SUBMITTAL**

To:

Village of Wellington

12300 Forest Hill Blvd.

Wellington, Florida 33414

CC Control Corp

(Vendor)

agrees to provide material for the Utility Process Control Annual Maintenance Contract in accordance with the requirements and specifications of the Bid Documents for the Village of Wellington as specified.

Gentlemen:

The undersigned Bidder has carefully examined the Specification requirements, Bid/Contract Documents and is familiar with the nature and extent of the Work and any local conditions that may in any manner affect the Work to be done.

The undersigned agrees to provide the service called for by the Specifications and Bid Documents, in the manner prescribed therein and to the standards of quality and performance established by the Wellington for the Bid price stated in the spaces herein provided.

The undersigned agrees to the right of the Wellington to hold all Bids and Bid guarantees for a period not to exceed one hundred and twenty (120) days after the date of Bid opening stated in the Invitation to Bid.

The undersigned accepts the invoicing and payment policies specified in the Bid.

Contractor's Signature Luis L Garcia

**Title:** Utility Process Control Annual Maintenance Contract

**Notification Date:** July 9, 2019

**ADDENDUM NO. TWO**

**PURPOSE:** The purpose of this Addendum/NOTICE is to make changes, additions, deletions, revisions, and clarifications to the (ITB) Invitation to Bid documents for Utility Process Control Annual Maintenance Contract. Bidder shall review the Addendum/NOTICE work and requirements in detail and incorporate any effects the Addendum/NOTICE may have in their proposal price.

**1. How will the primary and secondary vendor be determined?**

- Wellington has decided to change the method of award. There will not be a primary and secondary awardee. Instead, Wellington intends to award the two (2) lowest, responsive, responsible vendors in order to have two (2) pre-qualified awardees. Wellington will take into consideration qualifications, experience, staffing, equipment, materials, references, past performance and hourly rates to determine the two (2) pre-qualified awardees.

**2. How will the primary and secondary be utilized?**

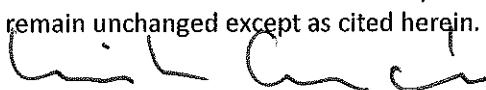

- There will not be a primary and secondary awardee. Instead, Wellington intends to award the two (2) lowest, responsive, responsible vendors in order to have two (2) pre-qualified awardees. The Utilities Department will distribute the work as they see appropriate.

**3. We see the schedule of values does not have a minimum number of usage hours, only an hourly rate. To better serve Wellington and ensure my business can meet the contract needs, can you provide an approximate minimum number of usage hours per month for regular time, and if possible for emergency time? Or how many times per month can we expect to be called to perform work? This will assist us in determining an hourly rate.**

- There will be no minimum number of hours established under the contract. Work will be performed on an "as needed" basis, task order based time, materials contract with an hourly rate for regular time and emergency services.

**4. See attached revised bid tabulation.**

**ACKNOWLEDGEMENT:** Bidder must acknowledge receipt of any and all Addenda in the space provided on the Bidder Submittal Form. Failure to do so may result in rejection of the Proposal. All requirements of the proposal documents remain unchanged except as cited herein.

Signature of Bidder Acknowledging Receipt of  
Addendum No. (2) Two to be attached in front of Bid

**I. INTRODUCTION**

C.C. Control Corp is a Systems Integrator/Supplier of Control Panels, Instrument Panels, Control and Instrumentation Systems, PLC Systems and SCADA (Supervisory Control and Data Acquisition) Systems for all types of process control.

Founded in 1992, C.C. Control Corp has been in business for over 27 years. That is a great deal of experience in the Water and Wastewater venues serving primarily South and Central Florida. Our entire operation is housed in a 13,200 sq./ft facility constructed in 2010. The facility is equipped with state of the art computer systems, AutoCad and ePlan stations, manufacturing tools, vehicles and other miscellaneous equipment required to fabricate and support the operations.

C.C. Control Corp has been a UL 508A and 698A certified shop since 1992.

## **II. PRODUCTS AND SERVICES**

### ***CONCEPTUAL DESIGN***

With over 35 years of project management experience, C.C. Control Corporation understands that solutions must be customized to fit your environment. Your business requirements are unique and that's why we are dedicated to getting to know you and understand your unique needs and goals. We work with you from the beginning to define your requirements, which are the foundation for making the right technology choices. From there we will help develop the strategies to implement a system that meets your requirements and exceeds your expectations.

### ***DETAILED DRAWINGS***

C.C. Control Corporation understands the importance of proper documentation. We also understand the pain and in-efficiency caused by a poorly documented automation system. We can research your process and provide documentation packages that include schematic drawings developed with either AutoCad or EPlan as well as system descriptions and sequence of operation documents.

### ***SHOP FABRICATION AND ASSEMBLY***

Our fabrication facility can provide custom electrical assemblies as part of an automation project or as a stand-alone product. Panels are assembled to the highest standards in our panel shop which covers construction, mounting, wiring, inspection, testing, packaging and delivery. All our panels are shipped with electrical drawings and layouts. In addition, UL 508A or UL 698A certification can be provided for any panel. Our designers and technicians are in the same facility which enables us to communicate closely on any issues that arise. We thoroughly simulate and test each panel to ensure proper operation and safety once installed in the field.

## **PROGRAMMING**

Our team was built on the foundation of automating projects. Programmable logic controller is the proven choice when it comes down to reliability and industrial hardness. Our automation specialists are senior level programmers who have been developing PLC programs ranging from small program modifications to full line control and integration. Our programs are concise and well documented. We continually enroll in software maintenance and support programs to ensure we are developing PLC logic with the most advanced software. These support programs allow us to receive comprehensive technical support, access to online resources, knowledge base articles and product upgrades. We can provide efficient and effective PLC programming services using a variety of PLC brands and Scada brands as follows:

- Allen Bradley
- Siemens
- GE Fanuc
- Modicon
- Motorola
- Omron
- SQD/Schneider Electric
- Bristol Babcock
- Rockwell Automation RSView
- GE Intellution
- GE iFix
- GE Cimplicity
- Trihedral VT Scada
- Wonderware

We have designed numerous Supervisory Control and Data Acquisition systems with non-proprietary PLC's for central and remote telemetry systems and have maintained an open architecture philosophy. Our telemetry installations are easy to maintain, upgrade and troubleshoot. RF telemetry, telephone modems, LAN's, WAN's or the internet are all options for our SCADA systems distributed communications. Whether for water treatment plants, distributed pumping stations, lift stations or industrial facilities, C.C. Control Corporation can provide SCADA systems tailored to meet your needs.

***ONSITE MAINTENANCE AND ASSISTANCE***

Our technicians and programmers have many years of experience with system startups and solving operational problems in the field. We can provide equipment calibration, inspection, testing, ongoing maintenance, troubleshooting, repairs, panel modifications and system programming. We offer comprehensive 24-hour emergency service and maintenance on our own systems and systems installed and configured by others. On-going system support may be accomplished via a modem or internet link to diagnose problems or make minor system adjustments. We are dedicated to the performance of your system and the success of your operation.

***TRAINING***

Equipment and software training can be provided on-site or at our facility for operations and maintenance personnel. Hands-on approach and training material is utilized for a comprehensive program that is custom tailored for each client. Instructional videos can be provided for ongoing training of personnel.

***AS-BUILT DOCUMENTATION***

C.C. Control Corp. takes pride in the accuracy and completeness of our drawings and documentation packages. Every system we build is accompanied by a set of notebooks and/or electronic documents that contain as-built drawings, program printouts, calibration, loop checkout reports, software backup files on CD and operation and maintenance instructions.

### **III. KEY PERSONNEL**

- James J. Hecht – President, Senior Project Engineer
- Luis L. Garcia – Vice President, Estimating and Sales
- Matthew Skidmore – Principal, Senior Project Engineer
- J.P. Mahieu – Estimating and Sales
- John Stock – Estimating and Sales
- Adrian Mayoral – Project Engineer
- Alejandro Mena – Project Engineer
- Alfredo Jimenez – Project Engineer
- Juan Reyes – Project Engineer
- Jeffery Needs – Project engineer, EPlan, AutoCad designer
- Thomas Fedina – Shop Manager
- Serina Mitchell – Purchasing Manager
- Colleen McKenna – Office Manager
- Frank Vitale – Service Manager
- Daniel Romero – Service Technician

### **IV. PROJECT EXPERIENCE**

- **City of Lake Worth RO Improvements - \$1,350,000**  
Lake Worth, FL. 33460  
Project Completion Date: 09/2011  
Project Type: Water Treatment
  - Major Components/Systems
    - SCADA system communication network with Ethernet network switches, fiberoptic modules, communication patch panels and UPS
    - Main Control Redundant PLC System (A-B ControlLogix) for ControlNet I/O Network
    - ControlNet Remote I/O Control Panels including Pre-Treatment System, Membrane Control Panels, RO Treatment Chemicals, Scrubber Chemicals, Permeate Degas, Concentrate Disposal and CIP System
    - Instrumentation skids including Pre-Treatment, Post-Treatment, Clearwell pH, Permeate Scrubber pH/ORP and Concentrate Disposal
    - (11) Control panel industrial computers running Trihedral VTScada
  - SCADA integration of all control panels and instrumentation with newly developed SCADA screens including system loop-checks and system start-up utilizing

## *Statement of Qualifications*

---

- **City of North Lauderdale WTP Improvements - \$690,000**

North Lauderdale, FL 33068

Project Completion Date: 04/2012

Project Type: Water Treatment

- Major Components/Systems
  - Main Control PLC (A-B ControlLogix) for Ethernet I/O Network
  - Ethernet Remote I/O Control Panels including Lime System, Gravity Filters, Chlorine System, Sludge System and Finished Water
  - Plant Master Radio for wellfield control panels over 900 MHz Ethernet radio system
  - (3) remote Ethernet wellfield control panels
  - Various instrumentation including insertion flowmeters, ultrasonic level transmitters, pressure transmitters (gauge and differential), turbidity, ammonia and pH analyzers
  - Redundant SCADA servers running Trihedral VTScada
- SCADA integration of all control panels and instrumentation with newly developed SCADA screens including system loop-checks and system start-up

- **Seacoast Utility Authority Repump Facility Modifications - \$650,000**

Palm Beach Gardens, FL 33410

Project Completion Date: 06/2014

Project Type: Water Treatment

- Major Components/Systems
  - Master Radio Control Panel for Ethernet I/O Network
  - (6) Raw water well remote I/O control panels utilizing 900MHz Ethernet radios
  - (3) Water repump remote I/O control panels utilizing 900MHz Ethernet radios
  - (6) Raw water well remote I/O control panels connected via. Fiber optic Ethernet through (1) of the repump control panels
- Provided loop-check and start-up support for system integration

## *Statement of Qualifications*

---

- **Seacoast Utility Authority Hood Road WTP RO Improvements - \$2,060,000**

Palm Beach Gardens, FL 33410

Project Completion Date: 11/2014

Project Type: Water Treatment

- Major Components/Systems
  - Main Control PLC (A-B ControlLogix) for Ethernet I/O Network
  - Ethernet Remote I/O Control Panels including Nanofiltration System, Deep Well, Chemical Systems and Supply Wells
  - Various instrumentation including magnetic flowmeters, venturi flowmeters, ultrasonic level transmitters, pressure transmitters (gauge and differential), pressure gauges and switches, pH, ORP and conductivity analyzers
- Provided loop-check and start-up support for system integration

- **City of Sunrise WWTP Biosolids Management - \$420,000**

Sunrise, FL. 33325

Project Completion Date: 06/2016

Project Type: Wastewater Treatment

- Project scope consisted of work at The Sawgrass WWTP and The Springtree WWTP
- Major Components/Systems
  - Main Control PLC panel consisting on GE PACSystems Rx3i PLC platform with local I/O expansion
  - PLC integration to communicate to new centrifuge PLCs over Ethernet messaging for handshaking and controls
  - Various instrumentation including magnetic flowmeters, ultrasonic level transmitters, pressure gauges, pressure switches and pressure diaphragm seals
- SCADA integration utilizing Owner's existing GE Cimplicity Redundant SCADA Servers

## Education

Bachelor of Science in Electrical Engineering  
Masters in Business Administration  
Professional Engineer

## Experience

### **CC Control Corp.**

*Project Engineer*

*April 2003 to Present*

- Designed, checked, drafted and revised electrical, control processes, instrumentation loop and logic drawings.
- Specified instrumentation and control hardware
- Managed complete project life cycle.
- Conducted customer site startups, training, and troubleshooting.
- Created bill of materials, proposals, and quotes.
- Integrated supervisory control and data acquisition (SCADA) software.
- Programmed PLCs, MMIs, and RTUs.

### **McDonald Distributors**

*Applications Engineer*

*March 2001 to April 2003*

- Managed key customer accounts.
- Managed inventory levels and mix.
- Supported customer site startups and troubleshooting.
- Conducted training seminars and technical sales presentations.
- Created bill of materials, proposals, and quotes.
- Programmed PLCs, MMIs, and motion controllers.

### **Webtron**

*Lead Electrical Engineer*

*September 1998 to March 2001*

- Designed printing/converting machinery power distribution and control circuitry.
- Supported customer site startups and troubleshooting.
- Managed the assembly, startup, and quality compliance of presses.
- Created and revised bill of materials.
- Programmed PLCs, MMIs, and motion controllers.

### **Florida Power and Light Co.**

*Co-op Engineer*

*June 1994 to August 1997*

- Authored project specifications.
- Designed, checked, drafted and revised electrical, control processes, instrumentation loop and logic drawings.
- Specified instrumentation and control hardware
- Integrated supervisory control and data acquisition (SCADA) software.
- Created performance trends, process modeling and tuned plant controls.
- Authored preventative maintenance procedures and schedules for instrumentation and controls.

## Professional Summary

Self-directed and motivated Electrical Engineer who works effectively in a fast paced and dynamic environment. Expertise on commissioning and troubleshooting three phase power systems and protection schemes. Knowledge on all aspects of automation and software configuration management.

## Skills

- Instrumentation start-up and testing
- RTU Configuration and Testing
- SCADA Configuration
- VFD Configuration
- PLC Programming
- HMI Programming
- Design of Automation
- Project Revision and Management
- Prints Design and Drafting
- SEL and GE Relay Testing
- CT, PT and CCVT Testing
- Electronic & PCB Design
- Micro-controllers
- C / C++ / C#
- MATLAB
- AutoCAD

## Languages

- English (Native or bilingual proficiency)
- Spanish (Native or bilingual proficiency)

## Work History

### Instrumentation and Control Field Technician, 01/2019 to Present

#### C. C. Control Corp.

- Installation, start-up and calibration of field instruments.
- Start-Up and test of panels for water and waste water applications.
- RTU installation on existing lift stations and pump stations.
- VFD installation, configuration and testing.
- Fiber optic termination and testing.
- Bench test and troubleshoot of new panels.
- Installation and wiring of new PLC cards on existing PLC panels.
- Provide training and documentation for new panel installations.

### Protection and Control Lead Field Engineer, 03/2018 to 01/2019

#### Powerserve Technologies, Inc.

- Test, verify and commission protective schemes of transmission lines, transformers, substation buses, capacitor banks and other high voltage facilities.
- Install, commission, test and troubleshoot protective relaying, controls, and communication equipment associated with substations and transmission power lines.
- Revise and update existing customer substation legacy schematic and wiring diagrams.
- Perform Substation RTU/SCADA configurations.
- Complete construction projects and substation routines as assigned, ensuring they are completed without service interruptions.
- Project management on greenfield and brownfield substations.

### Protection and Control Associate Engineer I, 05/2017 to 03/2018

#### Powerserve Technologies, Inc.

- Install, commission and test protective relaying, controls, and communication equipment associated with substations and transmission power lines.
- Perform Substation RTU/SCADA configurations.
- Complete construction projects and substation routines as assigned, ensuring they are completed without service interruptions.

**Electrical Engineer, 11/2016 to 05/2017**

**G3 Engineering Design Inc.**

- Software Development for Embedded Systems.
- Development of WPF/C# app in Visual Studio.
- Work with Windows 10 IoT for Raspberry Pi.
- Firmware development for Arduino boards.
- Electronic & PCB Design.

**Electrical Engineer, 03/2014 to 02/2016**

**Central Institute for Digital Research (ICID)**

- PID and ON-OFF control techniques , measurement and control variables like temperature, level, pressure and flow. Responsibilities included sensors interface and communication with PLC, SCADA interface programming, PLC & VFD network installation and cabling, and system commissioning.
- Ladder diagram (LD), Function block diagram, Structured text (ST), Instruction list (IL) and Sequential function chart design.
- Electronic Digital and Analog Design, Printed Circuit Boards (PCB) for analog and digital signal acquisition.
- Firmware Programming for Micro-controllers of PIC family (16FXXXX,18FXXXX) and FPGA based circuits of Xilinx family.

**Hardware Engineer, 09/2013 to 03/2014**

**Central Institute for Digital Research (ICID)**

- Manufacture and testing of Patient Monitors, EKG Machines, Defibrillators, EKG Holters, Blood Pressure Holters and Pulse Oximeters.
- Schematic and PCB analysis of all this medical equipment.
- Electronic troubleshooting using oscilloscopes, power supplies and multimeters.
- Repair of cards with Surface-Mount Technology and Through Hole Technology.
- Provide all the documentation necessary for the production process.

## **Education**

**Bachelor of Science: Automation and Computing Engineering, 2013**

**Higher Polytechnic Institute José Antonio Echeverría (ISPJAE)**

- Computational Science and Engineering coursework
- Information Technology coursework
- Process and Performance Improvement coursework
- Acquisition Support coursework
- Web Design and Development coursework

**Alejandro Mena**

(786)-712-9483

**PROFILE**

- Control Theory
- Electronics (Digital and Analog Circuit Design).
- OO Programing.
- Programming languages C++Objective-C, Assembly
- Embedded devices software programing (Microchip and Texas Instruments microcontrollers, Xilinx FPGA Devices).
- Printed Circuit Board (PCB) design experience.
- Computer Numeric Control (CNC).
- Programmable Logic Controllers, SCADA, HMI.
- Electrical Troubleshooting Skills.
- Problem-solving skills and self-motivated team player.

**Career History**

**C.C. Control Corp.**  
**Electrical Control Engineer**

**West Palm Beach(FL)**  
**2016 – Present**

- PID and ON-OFF control techniques, measurement and control variables like temperature, level, pressure and flow. Responsibilities included sensors interface and communication with PLC, SCADA interface programming, PLC network installation, cabling, and system commissioning.
- Work with International standard IEC 61131-3. Ladder diagram (LD), Function Block Diagram(FBD) and Structured Text (ST).
- Electrical Control Designer and process control strategy designer and programmer for water and waste water industry, process like anion exchange reverse osmosis, pressure filters.
- GE family controllers and SCADA, Versamax, RX3i, GE iFIX, GE Cimplicity.
- Programming for Rockwell Programmable Logic Controllers(PLC) mainly Rockwell families Micrologix, Compact Logix and Control Logix using RSLogix 500, 5000 and Studio, graphic Interface and SCADA , Factory Talk View, Historian and HMI (machine
- Programming for Schneider Modicon M340, HMI programming using Vijeo Designer.
- Duties like sensor communication setting, control network design and commissioning.

**Instituto Central de Investigaciones Digitales (ICID)**  
**Embedded Engineer**

**Havana (Cuba)**  
**Sept 2012 – August 2015**

- Electronic Digital and Analog Design, Printed Circuit Boards(PCB) for analog and digital signal acquisition.
- C,C++ Programming for Microcontrollers of PIC family (16FXXXX,18FXXXX)
- FPGA based circuits of Xilinx family, developed in Xilinx Platform Studio(XPS),diverse IP modules utilization(I2C Controller, SPI, USB, Microblaze microprocessor),VHDL development, Matlab System Generator.
- ARM based boards development, sensors communications protocols like, I2C,SPI, Bluetooth, USB.
- Developed System Test Plans, and Test Cases for End-to-End System based on Requirements/ Specifications.
- Develop/Test/Debug hardware software integration issues.

**Nival Plus Group**  
**iOS Software Developer**

**Havana(Cuba)**  
**March 2014-Aug 2015**

- Provide fully functionalities to iOS based Apps. Develop and customize mobile software for diverse client.
- Applications software flow design, app database managment(SQL, sqlite framework).
- Objective-C programming in Apple IDE XCode, Cocoa Touch.
- Software debugging and troubleshooting.
- Generation of Apple certificates, provisioning profiles and Apple Store upload.
- JSON WEB services for iOS Apps.
- Programmed and updated cell phone software using Flash Tools

**Avionics Section TAR-HABANA**

**Havana(Cuba).**

**Hardware Development Intern.**

**April 2011-August 2011.**

- Design and Development of an interface for the calibration of barometers in order to compensate the altitude error present in altimeters from IL-62 AIRPLANE.
- Circuit hardware design and implementation, development of the software interface and the communication protocol between calibration system and the altimeter.
- Software debugging and test case development.

**EDUCATION AND TRAINING**

- 2007-2012: B.A.Sc. Automation Engineering at "José Antonio Echeverría" Higher Polytechnic Institute (ISPJAE), Havana, Cuba.

**Relevant Courses**

- Computer Programming I, II, III. Microcomputers I, II. Control Systems I, II. Computer Design. Embedded Systems. Electronics I,II,III.

# **Adrian Mayoral EIT**

**West Palm Beach Fl 33409**

**mayoraladrian@gmail.com Cell (786) 663-6753**

**[www.linkedin.com/in/mayoraladrian](http://www.linkedin.com/in/mayoraladrian)**

## **Professional Experience:**

**C.C. Control Corporation, *West Palm Beach Fl***  
**Present**

**November 2017 -**

### **Project Engineer**

- PLC Programming and Troubleshooting: Allen Bradley (MicroLogix, Compact Logix and Control Logix), Schneider Electric M340, Siemens S7, GE RX3i.
- Scada Design, Programing and Troubleshooting: Trihedral VTScada, GE/Fanuc IFix versions 4.5 to 5.9, GE Proficy, Emerson Process OpenEnterprise, Maple Systems HMI.
- Network Set-up and Troubleshooting: RF, Modbus Ethernet, Allen Bradley DF1, Ethernet IP, Morbus RTU.
- In-house Testing and Troubleshooting of newly built control panels, and PLC/Scada field testing, Commisioning.
- Layout and Schematic CAD Drawing on EPLAN P8 Electric v2.5.
- Ladder Logic Programming, PID Tunning, VBA Script

**Leitner-Poma of America, *Miami Fl***

**February 2016 - October 2017**

### **Shift Supervisor**

- Operate, Troubleshoot and perform Maintenance on the Automatic People Mover (APM)
- Dispatch Work Orders to Assistants CCO and Maintenance Crew to perform Preventive or Corrective Maintenance on the system
- Keep record of Maintenance activities performed during the shift and report them using a Computerized Maintenance Management Software (CMMS).
- Verify the understanding of Work Orders activities by other team members to ensure that the job is performed in the same way every time.
- Assist Management with administrative follow up files in order to detect upcoming failure modes for HVAC, Doors, Network Communications, Fire Detection Systems, etc.

- Summarize Maintenance activities performed into work orders descriptions to keep the information clear and ready for Technical Manager's analysis.

**EPG Controls, Hialeah Fl**

April 2015 - February 2016

**Electric Controls Engineer**

- Generate electric schematics for Automatic Transfer Switches, Distribution Panels and Engine Driven Systems like Motor Pumps or Generators.
- Design Manual & Automatic Logics using Relays, PLCs, HMIs & other controllers from Siemens, Allen Bradley, Eaton and others brands for Engine Control, Automatic Transfer Switches, Load Shedding and more.
- Synchronize Generators using Woodward's EasyGen family controllers to bias AVR and governors
- Establish communication using RS-485, 422, 232 and Ethernet based Protocols between devices.
- Select electric parts according to regulations & customer specifications.
- Commission finished Projects in Behalf of EPG Controls.
- Maintain parts inventory.
- Ongoing technical support & system modifications.

**Publix Super Markets Miami Fl**

February 2015 - April 2015

**Deli's Clerk Associate**

- Provide customer service assisting in other duties, as assigned.

**Quality Breeze AC Miami Fl**

January 2014 - December 2014

**HVAC Technician**

- Install & maintain all aspects of HVAC Systems.
- Address customer concerns & troubleshoot any performance issues.
- Plan and acquire needed materials and tools to perform safe, efficient & timely installations.
- Pull City Permits for new HVAC systems installation at a domestic level.
- Assist in the selection of new HVAC systems ensuring the best value for the company's customers

**Resimon Valencia VZL**

August 2012 - January 2014

**Electrical Maintenance Engineer**

- Plan work flow operations supervise and execute preventive and corrective maintenance to: Electric Motors, Frequency Drives, HVAC Systems, Electro-valves and Actuators, Air Compressors, Electric Generators, Medium and Low Voltage three phase and mono phase Transformers, Plant Lighting, Process Controls and Instrumentation.
- Analyze Log entries to coordinate & monitor assignment progress & crew productivity.
- Research, monitor, modify & implement technical & system upgrades so as to ensure reliability.
- Supervise up to two crews of seven employees & outsource contractors as needed.

**Vasdeca Caracas VZL**

June 2011 - December 2011

**Assistant Manager**

- Maintain an inventory of supplies to keep a production line running
- Supervise employees
- Inspect random samples of final products to ensure quality control
- Address and resolve final product issues
- Other administrative duties

**Universidad Simón Bolívar**

April 2011 - March 2012

**Intern: D-STATCOM Control Schemes**

- Apply Digital Signal Processing techniques to an IGBT based Inverter in order to control three phase systems facing inductive or capacitive load steps.
- Simulate STATCOM dynamics under different conditions using its mathematical representation in C language and Matlab/Simulink.

**Education:**

**Universidad Simón Bolívar**

September 2005 - June 2012

- Bachelor of Science in Electrical Engineering

### **Independent Coursework:**

- Civil Construction oriented Electric Distribution
- Autodesk AutoCAD 2012
- Safe Forklift Operation
- Siemens S7 PLCs Workshop
- EasyGen 3000 family Controllers Workshop from Woodward
- Autodesk Revit MEP 2019

### **Certificates:**

- Florida Board of Professional Engineering / National Council of Examiners for Engineering and Surveying: Engineer In Training (EIT)
  - ↳ <https://account.ncees.org/rn/1654467-1038208-04f3c6e>

### **Skills & Expertise:**

- **Industrial application of:** AC/DC, AC Drives, DC/DC, digital signal processors, industrial instrumentation and automation, maintenance, motors, PIDs, power systems, frequency drives, process control, refrigeration, automatic transfer switches, PLL, PWM.
- **Software Expertise:** AutoCAD, Python, C/C++, Dialux, Ladder Programing, DiaLUX, Matlab, MathCAD, Interface creation, Simulink, Promis-e, Peachtree, Rockwell Automation RSLogix, Siemens Simatic WinCC, Eaton EasySoft and HMiSoft, Unitronics PLC, Visual Basic, Microsoft Office packages including Microsoft Project 2012 and newer.

## QUESTIONNAIRE – TAB 6 OF QUALIFICATIONS

The following Questionnaire shall be completed and submitted in with the Bid. By submission of this Bid, Bidder guarantees the truth and accuracy of all statements and answers herein contained.

1. How many years has your organization been in business? 27 years

2. What is the last project of this nature that you have completed?

City of Riviera Beach Lift Station No.50 Improvements

3. Have you ever failed to complete work awarded to you? If so, where and why?

No

4. Name five individuals or corporations for which you have performed work and to which you refer:

<u>Florida Design Contractors</u>	<u>1326 S Killian Dr</u>	<u>Lake Park FL. 33403</u>	<u>561) 845-1233</u>	<u>jescott@floridadesigncontractors.com</u>
Name	Address		Phone	Email
<u>R.J. SULLIVAN CORP.</u>	<u>2001 NW 22nd St. Pompano Beach, FL 33069</u>		<u>(954) 975-0388</u>	<u>casey@rjsullivancorp.com</u>
Name	Address		Phone	Email
<u>ENERGY EFFICIENT ELECTRIC 1600 MERCER AVE - SUITE 6</u>	<u>WEST PALM BEACH, FL 33401</u>		<u>(561) 722-1381</u>	<u>rene@energyeff.com</u>
Name	Address		Phone	Email
<u>MURRAY LOGAN CONSTRUCTION</u>	<u>313 65TH TRAIL NORTH</u>	<u>WEST PALM BEACH, FL 33413</u>	<u>(561) 686-3948</u>	<u>lauras@murraylogan.com</u>
Name	Address		Phone	Email
<u>CARDINAL CONTRACTORS, INC.</u>	<u>13790 NW 4th St, Suite 109</u>	<u>Sunrise, FL 33325</u>	<u>(561) 809-1285</u>	<u>mbrandao@prim.com</u>
Name	Address		Phone	Email

5. List the following information concerning all contracts in progress as of the date of submission of this bid. (In case of co-venture, list the information for all co-venturers.)

Name of Project	Owner	Total Contract Value	Contracted Date of Completion	% of Completion to Date
See Attached Work In Progress				

6. Has the bidder or his or her representative inspected the proposed project and does the Bidder have a complete plan for its performance? Yes a completed plan for our performance has been completed

7. Will you subcontract any part of this work? If so, give details including a list of each subcontractor(s) that will perform work in excess of the percent (10%) of the contract amount and the work that will be performed by each subcontractor(s).

Subcontractor	Work to be Performed
None	

8. What equipment do you own that is available for the work? All equipment needed to perform contract work is owned by CC Control Corp.

Equipment Type	Equipment Type
See Attached Vehicle/Equipment list	

9. What equipment will you purchase for the proposed work? As needed or required
10. What equipment will you rent for the proposed work? As needed or required
11. State the name of your proposed project manager and give details of his or her qualifications and experience in managing similar jobs.  
Matt Skidmore- See attached resume
12. The address of principal place of business is 5760 Corporate Way West Palm Beach FL 33407
13. The names of the Corporate Officers, or Partners, or Individuals doing business under a trade name, are as follows: James J Hecht, Luis I. Garcia, Matthew Skidmore
14. List all organizations which were predecessors to Bidder or in which the principals or officers of the Bidder were principals or officers. None
15. List and describe all bankruptcy petitions (Voluntary or Involuntary) which have been filed by or against the Bidder, its parent or subsidiaries or predecessor organizations during the past five (5) years. Include in the description the disposition of each such petition. None
16. List and describe all successful Performance or Payment Bond claims made to your surety(ies) during the last five (5) years. The list and descriptions should include claims against the bond of the Bidder and its predecessor organization(s). None
17. List all claims, arbitrations, administrative hearings and lawsuits brought by or against the Bidder or its predecessor organization(s) during the last five (5) years. The list shall include all case names; case, arbitration, or hearing identification numbers; the name of the project over which the dispute arose; and a description of the subject matter of the dispute. None
18. List and describe all criminal proceedings or hearings concerning business related offenses in which the Bidder, its principals or officers or predecessor organization (s) were defendants. None
19. Has the Bidder, its principals, officers, or predecessor organization(s) been debarred or suspended from bidding by any government during the last five (5) years? If yes, provide details. No
20. List and disclose any and all business relations with any members of Wellington Council. None

Bidder is required to bid on all listed items to be considered for award. Wellington intends to award the two (2) lowest, responsive, responsible vendors in order to have two (2) pre-qualified awardees. Wellington will take into consideration qualifications, experience, staffing, equipment, materials, references, past performance and hourly rates to determine the two (2) pre-qualified awardees. All hourly rates shall include labor, materials, equipment, travel, mileage, fuel and all other necessary items.

## DRUG FREE WORKPLACE

Preference shall be given to businesses with drug-free workplace programs. In order to have a drug-free workplace program, a business must attest to the following:

1. We publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. We inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. We give each employee engaged in providing the commodities or contractual services that are under Bid a copy of the statement specified in subsection (1).
4. We, in the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under Bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
5. We impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
6. We make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign the statement, I certify that this firm complies fully with the above requirements.

Contractor's Signature Luis L Garcia, Vice President

**SWORN STATEMENT UNDER SECTION 287.133(3)(a),  
FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES**

THIS FORM MUST BE SIGNED IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICER AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to Village of Wellington  
[print name of the public entity]
- by CC Control Corp for Luis L Garcia, Vice President  
[print name of entity submitting sworn statement] [print individual's name and title]
- whose business address is 5760 Corporate Way West Palm Beach, FL. 33407 and (if applicable) its Federal Employer Identification Number (FEIN) is 65-0344348 (If the entity has no FEIN, include the Social Security Number of the individual signing this sworn statement: N/A.)
2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.
4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), Florida Statutes, means:
- a. A predecessor or successor of a person convicted of a public entity crime; or
  - b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.
4. I understand that a "person" as defined in Paragraph 287.133(1)(c), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.
6. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. [Please indicate which statement applies.]

☒ Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. [attach a copy of the final order]

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

**APPLICATION TO BE CONSIDERED A LOCAL BUSINESS IN ACCORDANCE WITH  
VILLAGE OF WELLINGTON FLORIDA'S LOCAL PREFERENCE POLICY**

Wellington gives preference to local businesses in certain purchasing situations as set forth in Chapter 9 of Wellington's Purchasing and Procurement Manual. In order to be considered a local business, entitled to be given preference, the business must make application with Wellington and meet one of the following criteria as such is more fully set forth in Chapter 9, of Wellington's Purchasing and Procurement Manual:

**Chapter 9, LOCAL PREFERENCE**

**Western Communities Local Business** - For the purpose of determining a "Western Communities local business" a vendor must have a principal permanent business location and headquarters within Wellington of Wellington, Florida or west of the Florida Turnpike to the Palm Beach County western boundary line as depicted in Exhibit "A" hereto. This applies to all entity formations, including, but not limited to, limited liability companies, partnerships, limited partnerships and the like or sole proprietors. Further, the entity or sole proprietor must provide that it, he or she has been domiciled and headquartered in the jurisdictional boundaries of the Western Communities for at least six months prior to the solicitation. Post Office boxes will not be considered a permanent business location within the Western Communities. Home business offices shall be considered as a business location if it otherwise meets the requirements herein. In order to be eligible for such local preference the vendor shall have a local business tax receipt pursuant to the County's and/or municipalities' Code of Ordinances, having jurisdiction over the location of the business, unless otherwise exempt therefrom. Further, the vendor must be properly licensed and authorized by law to provide the goods, services or professional services to the extent applicable and the location of the business must be properly zoned in order for the vendor to conduct its business.

**Palm Beach County local business** - For the purpose of determining a "Palm Beach County local business" a vendor must have a principal permanent business location and headquarters within Palm Beach County, Florida. This applies to all entity formations, including, but not limited to, limited liability companies, partnerships, limited partnerships and the like or sole proprietors. Further, the entity or sole proprietor must provide that it, he or she has been headquartered and domiciled in the jurisdictional boundaries of Palm Beach County, Florida for at least six months prior to the solicitation. Post Office boxes will not be considered a permanent business location within Palm Beach County, Florida. Home business offices shall be considered as a business location if it otherwise meets the requirements herein. In order to be eligible for such local preference the vendor shall have a local business tax receipt pursuant to the Palm Beach County Code of Ordinances as amended from time to time, unless otherwise exempt therefrom. Further, the vendor must be properly licensed and authorized by law to provide the goods, services or professional services to the extent applicable and the location of the business must be properly zoned in order for the vendor to conduct its business.

**Subcontractor utilization** - In competitive bid situations, a business may also qualify as either a Palm Beach County or Western Community local business if they are utilizing subcontractors to perform the work or materialmen to supply the job and more than fifty (50%) percent of their proposed bid price will be paid to subcontractors and/or materialmen who qualify, under the above standards, as Palm Beach County and/or Western Community local businesses.

Please check the box below indicating which preference category your business is applying for:

☐ Western Communities Local Business

☒ Palm Beach County Local Business

☐ Subcontractor Utilization

1. The name of the business is: CC Control Corp.
2. The address of the business is: 5760 Corporate Way Wset Palm Beach FL 33407
3. How long has the business been located at its current address: 9 Years 10 Months
4. If the business has relocated within the last six months, please provide the answers to questions 1-3 for the previous location:
5. The previous name of the business is: N/A
6. The previous address of the business is: N/A

7. How long was this business at the previous location: N/A

8. If the business is attempting to qualify under the subcontractor utilization provision, please provide a breakdown of the subcontractors who would qualify for either the Palm Beach County or Western Community, business classification, the requisite information, provide their responses to the above 1 - 7 questions and for each of the subcontractors, indicate the amount that they are proposed to be compensated at under the bid price.

9. The business as a local business tax receipt from: (1) Palm Beach County ☒ (2) the following municipality: City of West Palm Beach (3) located in unincorporated Palm Beach County: ☐

10. Please provide a copy of Local Business Tax Receipts from Palm Beach County and the applicable municipality are attached.

11. Please provide a Certificate of Good Standing indicating the formation or domestication of the entity in and for the State of Florida is attached.

12. Please provide copies of licenses if applicable from the State of Florida authorizing the business to provide the good services or professional services contemplated in the bid documents.

By signing below, I hereby certify that under penalty of perjury I believe my business qualifies as a Palm Beach County, Western Community or subcontractor utilization business in accordance with Wellington's Local Preference Policy and that I have submitted current and accurate information and documents relating to my qualifications. I further acknowledge and agree that any fraudulent or duplicitous information submitted in furtherance of this application will be grounds for disqualification from bidding on this project and doing business with Wellington in the future.

### CONFLICT OF INTEREST STATEMENT

This Proposal/Agreement (whichever is applicable) is subject to the conflict of interest provisions of the policies and Code of Ordinances of WELLINGTON, the Palm Beach County Code of Ethics, and the Florida Statutes. During the term of this Agreement and any renewals or extensions thereof, the VENDOR shall disclose to WELLINGTON any possible conflicts of interests. The VENDOR's duty to disclose is of a continuing nature and any conflict of interest shall be immediately brought to the attention of WELLINGTON. The terms below shall be defined in accordance with the policies and Code of Ordinances of WELLINGTON, the Palm Beach County Code of Ethics, and Ch. 112, Part III, Florida Statutes.

#### CHECK ALL THAT APPLY:

☒ To the best of our knowledge, the undersigned business has no potential conflict of interest for this Agreement due to any other clients, contracts, or property interests.

☒ To the best of our knowledge, the undersigned business has no employment or other contractual relationship with any WELLINGTON employee, elected official or appointed official.

☒ To the best of our knowledge, the undersigned business has no officer, director, partner or proprietor that is a WELLINGTON purchasing agent, other employee, elected official or appointed official. The term "purchasing agent", "elected official" or "appointed official", as used in this paragraph, shall include the respective individual's spouse or child, as defined in Ch. 112, Part III, Florida Statutes.

☒ To the best of our knowledge, no WELLINGTON employee, elected official or appointed official has a material or ownership interest (5% ownership) in our business. The term "employee", "elected official" and "appointed official", as used in this paragraph, shall include such respective individual's relatives and household members as described and defined in the Palm Beach County Code of Ethics.

☒ To the best of our knowledge, the undersigned business has no current clients that are presently subject to the jurisdiction of WELLINGTON's Planning, Zoning and Building Department.

#### CONFLICT:

☐ The undersigned business, by attachment to this form, submits information which may be a potential conflict of interest due to any of the above listed reasons or otherwise.

THE UNDERSIGNED UNDERSTANDS AND AGREES THAT THE FAILURE TO CHECK THE APPROPRIATE BLOCKS ABOVE OR TO ATTACH THE DOCUMENTATION OF ANY POSSIBLE CONFLICTS OF INTEREST MAY RESULT IN DISQUALIFICATION OF YOUR BID/PROPOSAL OR IN THE IMMEDIATE CANCELLATION OF YOUR AGREEMENT, WHICHEVER IS APPLICABLE.
