FSA18-VEH16.0 Cab & Chassis Trucks and Heavy Equipment Partial Extension

Partial Contract Extension: Effective October 1, 2019 – September 30, 2020

The Florida Sheriffs Association (FSA) has renewed, through mutual agreement with awarded vendors, select specifications within Contract FSA18-VEH16.0, Cab & Chassis Trucks and Heavy Equipment. This contract renewal is in accordance with Section 3.04 Option to Renew with Price Adjustment of the Contract Terms and Conditions. Awarded vendors on this list have executed agreements signed as Addendum #3, dated July 1, 2019.

The price increases associated with this contract renewal are based on the Producer Price Index (PPI) as published by the U.S. Department of Labor, Bureau of Labor Statistics. This extension authorizes a price adjustment for each product listed and applies to the published options. Option pricing must remain below MSRP. Price increases may not exceed the published percent. FSA has published a schedule listing the authorized PPI percent to each item (Contract Renewal PPI Schedule).

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

OFF-ROAD UTILITY VEHICLES - 4 WHEEL DRIVE SPECIFICATION #2

2019 Kawasaki Mule 4010 4X4

The Kawasaki Mule 4010 4X4 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	★Northern	Central	Southern
BASE PRICE:	\$9,577.00	\$9,377.00	\$9,077.00	\$9,077.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.
