Mr. Barnes introduced the item.

Ms. Quickel stated she was presenting the preliminary proposed Fiscal Year 2022 Budget and TRIM overview. She said Wellington's budget process starts with the Five Fundamentals: Neighborhood Renaissance, Economic Development, Protecting Our Investment, Responsive Government, and Respecting the Environment. She stated then staff developed the budget using insights and information from the 2021 Directions Workshop with Council. Ms. Quickel informed Council that staff focused on infrastructure and facility maintenance, full recreation community and athletic programs, investment in projects that keep Wellington a great hometown, planning for sustainability, financial planning and stability, technologies that improve productivity, cybersecurity and reduced costs, and inclusionary government.

Ms. Quickel indicated staff is proposing no change to the ad valorem millage rate from this year and for it to remain at 2.47 mills. She said staff also recommends no change in the ACME non-ad valorem assessment and for it to remain at \$230 per unit.

Ms. Quickel indicated the TRIM rates for the Solid Waste Assessments were previously adopted on May 11, 2021 and were recommended at \$171 for the curbside rate and \$121 for the containerized rate.

Ms. Quickel stated the Water & Wastewater average bill would increase monthly by approximately \$2.37.

Ms. Quickel stated the Saddle Trail Park South Improvement District assessment, only for those properties within Saddle Trail that received these benefits, is \$1,721 per acre. She said this is the sixth year of that fifteen (15) year term for that assessment. Ms. Quickel stated the rate is the same as last year.

Mayor Gerwig asked what year is this for the additional assessment for ACME.

Ms. Quickel stated this is the eighth year.

Ms. Quickel stated the total proposed FY 2022 Budget is a marked change from last year's pandemic budget. Staff is aggressively addressing capital projects while maintaining the same millage and ACME assessment rates. The proposed budget is \$133.2 million, which is \$31.7 million more than the current year budget of \$101.6 million. She said this \$31.7 million increase is primarily due to the resumption of capital improvement project budgeting which was drastically reduced in the FY 2021 budget because of the pandemic.

Ms. Quickel stated out of the proposed FY 2022 budget of \$133.2 million, tax revenues provide almost \$22 million in revenues using the proposed 2.47 millage rate and other significant revenue sources include: intergovernmental revenues, permits, fees and special assessments, non-ad valorem assessments and water and wastewater revenues.

Ms. Quickel stated the FY 2022 preliminary budget for all funds has total revenues of \$99.7 million and total expenditures of \$116.7 million, which means the Village is using reserves to balance the budget as planned. She explained there is no increase proposed in the millage rate or non-ad valorem assessment rates.

Ms. Quickel indicated the FY 2022 budget covers annual recurring expenditures for operations and maintenance from recurring revenues. Capital projects are budgeted and fully covered by one-time revenue sources, use of reserves or proposed debt issuance. Transfers are included to illustrate the balanced budget.

Ms. Quickel stated to expand upon budget changes in the Governmental Funds, there are \$16 million in capital projects, \$1.1 million for personnel expenses, \$700,000 in technology and strategic planning increases, \$100,000 for election expenses, \$475,000 in increased recreation programs (which is a return to more normal operations for Parks and Recreation) and \$350,000 for facility maintenance. For the Enterprise Funds, Utility Capital Projects are increasing by \$2.5 million. Ms. Quickel stated the Village is implementing the new Solid Waste Contract, and there are increased technology and operating expenses in Utilities by approximately \$1.2 million due to significant increases for materials, supplies and chemicals.

Mayor Gerwig inquired about the increase for solid waste services.

Ms. Quickel stated she would provide the information.

For Capital Projects, the FY 2022 budget focuses on getting things done with a resumption of a full capital budget that totals \$32.5 million. One-Time Governmental Projects stand at \$17.7 million. The Ongoing Programs are \$3.2 million and the Utility Projects are \$11.6 million. Ms. Quickel explained what each category included.

Ms. Quickel stated with the proposed 2.47 millage rate, the impact for a homesteaded property valued at \$300,000, would be \$10.00. For a property that is not homesteaded, it will be a \$15.00 increase. Ms. Quickel said each 1/10th mill generates \$880,000 in tax revenue. She stated taxable value has increased 5.3% overall for Wellington.

Mayor Gerwig inquired about the average home taxable value.

Ms. Quickel reviewed a sample tax bill. She concluded the presentation with the budget calendar and noted that staff is focused on outreach right now. She indicated staff had begun the budget challenge last week and would be holding the Facebook Virtual Town Hall in late July. In addition, staff is conducting information presentations coordinated with the Neighborhood Services program. Ms. Quickel indicated that staff would receive the Florida Department of Revenue, Office of Tax Research, Municipal Revenue estimates in late July and will make the necessary budget adjustments based on this information. The first budget public hearing is scheduled for Monday, September 13, 2021.

Mayor Gerwig commented on the meeting date.

Ms. Quickel stated staff would answer Council's questions.

Councilman Napoleone referenced the millage rate and asked what year of the projection is Wellington in regarding the 2.47 millage rate.

Ms. Quickel stated this is the third year.

Vice Mayor McGovern commented about millage rate and stated that agreement was reached almost three years ago.

Ms. Quickel commented regarding the housing market.

Vice Mayor McGovern stated there is a lagging indicator coming through the Property Appraiser's office.

Vice Mayor McGovern commented regarding property values and portability. He said all that is being discussed tonight is the absolute maximum millage rate that the Village will charge and not move above it. He stated the proposal that Council and staff worked on holds the property tax rate flat. He said this should bring certainty to residents that this is the highest they will pay at the current millage rate.

Councilwoman Siskind stated it is amazing that the millage rate would be held flat and commended Ms. Quickel and her team for their effort in putting the budget together.

Councilman Drahos stated he commends staff also and discussed holding the millage rate the same and he appreciates the fact that staff has developed a budget based on that promise of holding it flat.

Councilman Napoleone stated this has also been consistent even dealing with the pandemic.

Mayor Gerwig inquired about the federal funds that the Village would receive regarding the CARES Act.

Ms. Quickel provided an update regarding the funds. She stated the funding replaces lost revenues.

Mayor Gerwig asked about FEMA funds for the Feeding South Florida project.
