VII. BOARD COMMENTS

Dr. Lund stated she received a call from a citizen that did not want to see the Dark Green Trail changed from grass to asphalt millings. Mr. O'Dell replied the village had reevaluated the soil mix around the Dark Green Trail and decided to keep it as a grass surface trail. Mr. O'Dell explained grass is the village's preferred surface. Grass is used in the village wherever it is possible. In heavier traffic areas, such as around the showgrounds where grass does not survive the traffic, the village

switches to millings.
