10. ATTORNEY'S REPORT

MS. COHEN: Ms. Cohen presented the following report:

Ms. Cohen indicated she had no report.

11. MANAGER'S REPORT

MR. SCHOFIELD: Mr. Schofield presented the following report:

The next Regular Council meeting will be held on Tuesday, August 27, 2019, at 7:00 p.m. in the Council Chambers.

He informed residents that the Utility Department will be conducting its annual disinfection August 26th through September 8th and that there will be a discernable chlorine smell in the water during that time. He stated anyone using home dialysis or who has tropical fish, etc., may want to check with their doctor or the aquarium professionals, respectively. He indicated that any questions can be directed to Laurie Hand, Compliance Manager, or Karla Berroteran at the Water Plant, 561-791-4149.

12. COUNCIL REPORTS

VICE MAYOR NAPOLEONE: Vice Mayor Napoleone presented the following report:

He congratulated everyone on going back to school. He asked that drivers be aware of the school zones and the additional cars on the road. He indicated that texting and driving is now a primary offense. He said everyone has to be completely hands-free in school and construction zones, which means no phones at all. He asked everyone to put their phone down and talk to their children when dropping them off at school.

He indicated he has an open appointment on the Senior Advisory Committee, if anyone is interested in applying. He stated he has some suggestions from the dais as to who might fill that role.

COUNCILMAN DRAHOS: Councilman Drahos presented the following report:

He stated he had no report.

COUNCILMAN MCGOVERN: Councilman McGovern presented the following report:

He welcomed Danna Pallaria as the new principal at New Horizons Elementary School. He stated he thought she would do a great job. He asked that everyone in the community give her a hearty welcome and their support as the school year unfolds.

He explained that Council discusses the items placed on the Consent Agenda at Agenda Review. He stated Council passed two important Consent items today:

1) He said one item was to move the funds from the sales surtax fund to pay for the project at the Wellington High School. He noted the project was approved between their last Council Meeting and the School Board's meeting, so the fields the community has called for and the Council has been working for will get underway.

2) He stated the other item is to expand from doing one phase to doing two phases of the Peaceful Waters Boardwalk project, so the Village can take advantage of a grant from the state and the project can be completed. He recognized Mr. Schofield and Ms. Quickel and their staff for getting this grant.

He explained that Council asks questions, meets with staff, reviews the agenda items and pays attention to these matters outside of what has been discussed on the dais.

He stated he looked forward to traveling with the other councilmembers to the Florida League of Cities Annual Conference. He said he hoped they will learn about some of the important topics they face, put together their legislative agenda, and get a chance to interact with and hear about other practices happening throughout the state.

COUNCILWOMAN SISKIND: Councilwoman Siskind presented the following report:

She congratulated Ms. Quickel, Ms. Wadleigh, Ms. Cabret, and Mr. Reyes on receiving the Distinguished Budget Presentation Award from the Government Finance Officers Association. She said the Village has received this award for 24 consecutive years.

She stated she was glad to hear that everyone had a smooth start to the school year.

MAYOR GERWIG: Mayor Gerwig presented the following report:

She stated she thought the Facebook Live event regarding the budget was well received. She said it was posted so people could go back and watch it, as it broke down the budget process step-by-step. She stated she thought that was important, as it is part of the process in presenting a budget. She said she thought there was more action on Facebook this

year.

Mr. Schofield stated when they do Facebook, they get a limited number of viewers when it is actually live. He said it has to be taped, so they might as well take comments. He indicated it has up to a several hundred views now, but they usually get thousands of views by the time the budget is done.

Mayor Gerwig stated everyone should watch it, as it is a very useful tool. Ms. Quickel indicated there have been 1,200 views on Facebook thus far.

She asked if Marcia Andrews was invited to the SWAG graduation. Mr. Barnes indicated Ms. Andrews was invited. Mayor Gerwig stated she is really proud of the SWAG program and how unique it is. She said staff has intensely worked on it and built it into something that she is really happy to see happening. She thanked everyone who was able to make it to the graduation.

She stated Michelle Garvey did a fantastic job on the request for a promotion ceremony at the Veteran's Memorial. She said Ms. Garvey really made a hometown moment for that serviceman, his friends, and the people he serves with. She recognized Ms. Garvey for bringing the Wellington touch to it. She said Ms. Garvey brought a tent in case it rained and helped facilitate the American Legion participation. Mayor Gerwig stated a really nice story was written up about it. She said that is the kind of thing that sets Wellington apart.

She stated the Wellington Wolves sets Wellington apart as well. She said it is really nice to see a community that pours into their youth and their seniors. She stated the Senior Transportation and Ride (STAR) program enables people to stay in this community when they might not be able to get to the grocery store or the doctor's office. She said she feels like the Village does a great job at reaching the people who really need their help. She stated she is very proud of the work done here.

Mayor Gerwig asked if the track at Emerald Cove was open for public use. Mr. Schofield indicated that it is currently under construction and there are problems with the construction. He said the Village has not accepted it from the contractor and it will probably have to be resurfaced.

Mayor Gerwig asked how the public would know this. Mr. Barnes stated the public can call the Parks & Recreation Department about the track schedule. He said staff can could post an update online. He stated there was a sign, stating there is no use of the track, before school started and

the gates were locked.

Mayor Gerwig stated she did not know what to tell the residents. Mr. Barnes explained, like any other field, it is not open for use 24/7. He said if a lacrosse game going is on, they probably do not want to be any place where they could get hit by a hard ball. He stated there are schedules and open track is three days a week during the normal course of the school year and even over the summer, when it is not under construction. He said other days the track fields are open play, when nothing is organized on the fields, but there may be people on the fields and on the track. He indicated the Runner's Club uses the track as well.

Mayor Gerwig stated the best way for a resident to know would be to contact the Parks & Recreation Department. Mr. Barnes said there are schedule updates, not just for the track but for different facilities, on the website. He suggested that everyone download the Rainout Line app, as it is for different facilities throughout the country. He stated if they enter Wellington Parks & Recreation, everything from tennis to sports provider programs are updated on there. He said Village in-house programs are provided on there, including special events and the amphitheater schedule. Mayor Gerwig stated she needs help using that app.

Mayor Gerwig asked about the status of the track. Mr. Barnes stated it will not open for at least another month, depending on how quickly the construction crew can mobilize an installation crew. He said the repair crew has been there multiple times and at this point the Village has determined that it will need to be resurfaced. He stated the Village has not accepted any of the fixes that been tried.

Mayor Gerwig asked if the delay has been interfering with the school's use of the track. Mr. Barnes stated it has not. He said they have been in constant contact with the school. He stated the field can still be used during the course of the school day for physical education. He said he thinks the school has elected to keep some programs in the gymnasium and not utilize the area. He stated they have had no problems working with athletic director Brian Tilley or the rest of the school staff.

Mayor Gerwig stated she will enjoy seeing her fellow councilmembers in Orlando. She hoped they could help her campaign, as she is running for Second Vice President. She said the voting will be in Orlando this week. She stated she will have a pink table and her stickers say "Anne G. for Second VP." She said it will be fun whether she is elected or not. She stated she has enjoyed her time serving with the Florida League of Cities. She said she is the only candidate that is on the Board of Directors. She stated both of the other gentlemen who are running are

great people. She said it is a service organization, so it is all good however it comes out in the end. She stated it would be a great opportunity and she would enjoy it.

13. ADJOURNMENT

There being no further business to come before the Village Council, the meeting was adjourned at 8:15 p.m.
