EXPLANATION: Article 6 establishes general standards for zoning districts in Wellington. In 2021, Wellington's Council adopted Ordinance No. 2021-18 which established regulations for hedge heights, identified five (5) specific hedge materials, increased setbacks for fences to five (5) feet, and addressed maintenance requirements in efforts to create a uniform appearance along major thoroughfare. Since adoption, many efforts have been made to notify the public and residents that are affected by this ordinance. However, residents continue to face hardships and challenges to meet the adopted requirements. The proposed changes to Section 6.4.1.A.5, fences, walls, and fences regulations, attempts to address the hardships and challenges.

The Planning and Zoning Department recommends updating Section 6.4.1.A.5 of the LDR, which relates to hedges and fences throughout Wellington, and specifically along thoroughfares, to incorporate regulations that will facilitate maintaining a consistent appearance. The proposed amendment is consistent with the LDR, Wellington's Comprehensive Plan, and shall be implemented in accordance with Wellington's policies and procedures.

SUMMARY: The Planning and Zoning Division recommends approval of Ordinance No. 2024-02 to amend Section 6.4.1.A.5 of Wellington's LDR to modify the regulations related to fences, walls, and hedges along thoroughfares and throughout Wellington
