ITEM: White Vinyl Fence Discussion

SUMMARY: At the November 28, 2018 Architectural Review Board (ARB) meeting, the Board approved Resolution No. ARB 2018-01 Schedule of Approved Colors and Material. During discussion of the item, a Board Member made a motion to allow white vinyl fences back on the ARB Approved Colors and Materials Schedule. The motion failed due to lack of a majority vote. The Board asked staff to come back at the next meeting with more information so they could make a more informed decision as some members were not prepared to vote on such an item as it was not originally on the agenda.
